CORPORATE STRUCTURE

Name, Address and Incorporation

Brick Brewing Co. Limited (“Brick” or the “Company”) was incorporated under the *Business Corporations Act* (Ontario) by Articles of Incorporation dated February 20, 1984. On December 11, 1986, the Company amalgamated with Mortar Small Business Development Corporation and became a reporting issuer in Ontario on December 12, 1986.

The head and registered office of the Company is located at 400 Bingemans Centre Drive, Kitchener, Ontario N2B 3X9.

The Company’s financial year end is January 31, 2014 and is referred to as “fiscal 2014” throughout this annual information form (“Annual Information Form” or “AIF”).

GENERAL DEVELOPMENT OF THE BUSINESS

Business Overview

Brick is Ontario's largest Canadian-owned and Canadian-based publicly held brewery. The Company is a regional brewer of award-winning premium quality and value beers and is officially certified under British Retail Consortium (BRC) Global Standards for Food Safety, one of the most stringent and internationally recognized standards for safe food production. The Company currently holds an A-level certification rating – the highest rating possible under the standard. Founded in 1984, Brick was the first craft brewery to start up in Ontario, and is credited with pioneering the present day craft brewing renaissance in Canada. Brick has complemented its Waterloo brand premium craft beers with other popular brands such as Laker, Red Baron, Red Cap and Formosa Springs Draft. In March 2011, Brick purchased the Canadian rights to the Seagram Coolers brand. The Company produces, sells, markets and distributes the Seagram Coolers across Canada. The Seagram Coolers family consists of vodka-based coolers, malt-based coolers and ciders.

Three Year History

Significant business developments during the Company’s past three financial years are discussed below.

On March 16, 2011, the Company purchased the Canadian rights to the Seagram Coolers brand from Corby Distilleries Limited.

On January 11, 2012, the Company announced that it was officially certified under the British Retail Consortium (“BRC”) Global Standards for Food Safety, one of the highest and internationally recognized standards for safe food production.

On January 29, 2013, the Company announced the resignation of Jason Pratt as CFO. On April 18, 2013, the Company announced that Sean Byrne joined the Company as Chief Financial Officer. With over twenty years of executive and senior finance management experience at publicly traded, enterprise level companies, Sean brings significant discipline and depth to the CFO role at Brick Brewing.

In February 2013, the Company completed a significant upgrade to its canning line which increased capacity from 90,000 to 150,000 hectolitres annually.

On January 29, 2014, the Company announced it had entered into a licensing agreement for its Seagram Cooler brand in the Quebec market with Blue Spike Beverages. The agreement includes the production and distribution of Seagram Cooler products in Canada’s second largest market.

On April 17, 2014, the Company will announce its intent to sell its land and building located at its Waterloo, Ontario facility. Management expects to complete a sale of the property within fiscal 2015.

DESCRIPTION OF THE BUSINESS

The Company produces, sells, markets and distributes bottled, canned and draft premium beer under the Waterloo brand name, and value beer under the Laker, Red Cap, Formosa and Red Baron brand names. With the purchase of the Canadian rights to Seagram Coolers in fiscal 2012, the Company now also produces, sells and markets bottled and canned ready-to-drink (“RTD”) alcoholic beverages under the Seagram trademark. The Company also produces, sells, markets and distributes various beer products under the licensed PC® trademark on behalf of Loblaws.

The Company’s products are sold primarily in Ontario. The Company also engages in certain co-packing business, which involves producing and packaging beer and RTD alcoholic beverages for other customers. Through sales agency agreements, the Company also distributes beer and RTD alcoholic beverages across Canada.

In Ontario, distribution occurs primarily through The Beer Store (“TBS”) and the Liquor Control Board of Ontario (“LCBO”).

The Company’s brewing facilities are located in Waterloo and Formosa, Ontario. The Company’s primary packaging and warehousing facility is located in Kitchener, Ontario. The Company has a packaging facility in Formosa which is primarily dedicated to co-packing and producing the Seagram Coolers. The Company’s head and registered office is in Kitchener, Ontario.

Market Overview

Beer

The beer market in Ontario is a mature market. Per capita consumption of beer has been declining since 2007. Beer sales in Ontario (in hectolitres) for 2007 and subsequent years are indicated in the following chart:

Year	Draft	Bottles (Packaged)	Cans (Packaged)	Imported	Total Sales
2007	705,659	5,019,908	1,336,155	1,308,350	8,370,072
2008	697,130	4,854,035	1,527,352	1,327,306	8,405,823
2009	700,766	4,617,194	1,548,891	1,420,516	8,287,367
2010	703,948	4,306,297	1,884,816	1,410,056	8,305,117
2011	681,277	3,955,235	2,090,528	1,383,568	8,110,608
2012	675,077	3,788,048	2,299,466	1,485,699	8,248,290
2013	668,090	3,518,888	2,391,582	1,443,215	8,021,775

Source: Beer Canada

The sale of domestic beer in Ontario has declined on average since calendar 2010. Factors that may have contributed to the decline in per capita consumption include the increased social reference price, health concerns, changing consumer tastes and demographics and the general aging of the population.

Market share of the beer industry in Ontario is held primarily by Labatt Breweries of Canada (“Labatt”), Molson Coors Brewing Company (“Molson”) and Sleeman Breweries Ltd. (“Sleeman”). Labatt, Molson and Sleeman have a collective market share greater than 90%. Brick currently has an approximate 4% market share of the Ontario beer market. The strategy utilized by Labatt, Molson and Sleeman is to produce and sell beer products that appeal to a broad range of consumers in the market. These beers are produced by Labatt, Molson and Sleeman in large breweries to maintain competitive prices and higher volumes and to achieve greater economies of scale.

With the Laker, Red Cap, Formosa, Red Baron and PC® beer brands, the Company offers consumers quality beer at value prices. Management believes the value beer category represents approximately 30% of all beer consumed in Ontario. Although the overall beer market is declining approximately 1-3% per year on average, the value beer category appears to be in moderate decline. Management believes this is due to the improving economy which

encourages consumers to purchase more premium or craft beers. Management expects this category to continue to decline at a moderate pace in the future.

In recent years the import and craft premium beer category has experienced significant growth and the Company estimates that the premium beer category represents between 10-20% of the total beer market in Canada. Growing consumer demand for premium, more full-flavoured beers, compared to the mainstream beers, has enabled the premium craft beer category to achieve this growth despite overall industry consumption trends.

In recent years in Ontario the volume of beer packaged in cans has increased in volume between 5% to 10% per year and the overall volume of beer sold in bottles has declined. Currently cans comprise approximately 36% of the domestic volume of beer sold in Ontario. The Company's sale of canned beer represents approximately 22% of the Brick brand sales. Management expects this volume mix to continue to shift toward cans in the future.

Ready-to-Drink Alcoholic Beverages

The RTD alcoholic beverage category in Canada is approximately 1.3 million hectolitres annually. Growth in 2013 was approximately 8%. The largest competitors in the RTD alcoholic beverage category are Mark Anthony (Mike's Hard Lemonade and Palm Bay), Diageo (Smirnoff Ice) and Vincor (Vex).

Through the acquisition of the Seagram rights, Brick has a market share of approximately 1.2%. Each of the market leaders have market share in excess of 10%. Compared to the beer market, concentration of market share is much less and can fluctuate substantially year over year based on consumer trends and preferences. Management considers the RTD alcoholic beverage market as a growth opportunity for the Company.

Products

Premium Beer Brands

Brick produces premium beer under the Waterloo brand name which includes *Dark, IPA, Amber, and Pilsner*. The Company also produces seasonal mix packs of six 473ml cans which feature a specialty brew. The specialty brews have included brands such as *Iron Horse Bock, Jack Pine Belgian Ale, and Union Mills Porter*. The brewing materials used for these brands are all natural, using the highest quality hops and malt. Volumes of this brand represented approximately 5.5% of the Company's total volume in fiscal 2014.

Value Priced Beer Brands

The Company's Laker brand names include *Lager, Light, Ice, Extra Ice, Red, Strong, and Honey*. Laker volumes represented approximately 57% of the Company's total sales volume in fiscal 2014.

The Company also sells the Red Baron, Formosa Springs Draft and Red Cap brands at value prices. Volumes of these brands represented approximately 4% of the Company's sales volume in fiscal 2014.

The rights to the Red Cap trademark in Canada are licensed to the Company in an agreement with Molson Canada. Under the terms of the agreement, the Company must maintain certain product specifications and continue the use of the trademark. The agreement has no specified termination date.

Seagram Coolers Brand

On March 16, 2011, the Company purchased the Canadian rights to the Seagram Coolers brand from Corby Distilleries Limited. Brick acquired the rights for a purchase price of \$7.3 million, plus the value of inventory on hand. The purchase price was satisfied by a \$4.9 million cash payment to Corby and the issuance of a secured promissory note for the remaining balance to be paid over the next four years. As of the date hereof, \$0.6 million remains outstanding under the promissory note.

While the Seagram heritage dates back to the late 1800's, Seagram Coolers were launched in the 1980's, with the introduction of Seagram Wildberry Vodka Cooler, the original vodka cooler. Seagram Coolers are available

throughout Canada. The Seagram Coolers family sold in the LCBO currently consists of *Wildberry*, *Classic Lemonade*, *Seagram 80 Black Cherry*, *Seagram 80 Mixed Berry* and *Cider*. The Seagram family also includes malt-based flavours available at The Beer Store. The Company recently announced the launch of two new malt-based flavours and a 12-can variety mix pack. Seagram Coolers volume represented approximately 6% of the Company's sales volume in fiscal 2014.

Co-packed Products

In May 2004, the Company entered into a multi-year licensing agreement with Loblaw's to produce, distribute and sell PC® beer in Ontario. This licensing agreement with Loblaw's was renewed and extended until December 31, 2014. The types of beers under license include *Pilsner*, *Light*, *Dry*, *2.5g (Low Carbohydrate)*, *Honey Red*, *Genuine Lager* and *Cerveza*. These beers offer consumers excellent value.

The Company co-packs various RTD alcoholic beverages and beers for different customers. Co-packaging arrangements are undertaken to utilize unused capacity in the Company's facilities. With the Kitchener packaging facility packaging substantially all of the Company's beer, the Company utilizes the available capacity at the Formosa packaging facility for production of any new co-pack volumes, where possible. In July 2007, the Company entered into an agreement with Canada Dry Mott's, Inc. ("CDMI") to manufacture and package Mott's Caesar alcohol-based beverages, production of which began in January 2008. In fiscal 2010, this agreement was extended to December 31, 2014.

The Company also has co-packaging agreements with beer manufacturers. These customers are not separately identified, as per the terms of these contracts.

In fiscal 2014, approximately 29% of the Company's sales volume was represented by licensed brands and co-packed products. The Company is actively pursuing additional co-packing opportunities.

Brand Representation

In July 2007, the Company entered into a sales agreement with CDMI to represent the Mott's Caesar alcohol-based beverages in the LCBO channel. This agreement was extended to December 31, 2014.

In January 2014, the Company entered into a licensing agreement for its Seagram Cooler brand in the Quebec market with Blue Spike Beverages. The agreement includes both the production and distribution of Seagram Cooler products in Quebec.

Pricing

Beer Brands

The Company markets its premium products at prices that are comparable to the mainstream brands produced by its largest competitors. This allows the Company to recapture the higher costs of ingredients and processing that are involved in producing its various premium brands, as well as allowing the Company to gain market share versus brands that are mass produced and heavily marketed.

The Company's value brands are currently being sold at prices approximately 10% to 15% below mainstream brands. Over the past several years, this pricing strategy has allowed the Company to grow Laker brand sales at the expense of other value brand competitors and at the expense of competitors' mainstream and domestic brands. However, as the gap between mainstream and value brands becomes more and more compressed, it becomes more challenging to compete based on price alone.

The Company's largest competitors regularly promote their mainstream brands through limited time offers ("LTO's"). LTO prices are aggressive and the difference between minimum retail price (described below) and LTO price is very often less than 7% or \$2 per case of 24 bottles.

In Ontario, the provincial government regulates the minimum retail price (“MRP”) at which beer can be sold. All figures in this section are based on a 24-pack of 341ml bottles at 5% alcohol by volume. In October 2005 this minimum price was increased from \$23.70 to \$26.40 per case including deposit. Since then the MRP increases annually based on a factor of recent Consumer Price Index (“CPI”). The minimum price increased to \$30.50 on March 3, 2014. This regulation prevents artificially low prices in the beer industry. Laker brands are generally priced at or close to this minimum price to ensure that they represent the best possible value for the consumer. As a result of this regulated minimum price, competitors’ pricing cannot be reduced materially below Laker brand pricing.

Packaging

A significant strategic element of the Company’s marketing plan for its products is its distinctive packaging. In the case of the Red Baron and PC® brand portfolio, the Company uses a clear, long-necked bottle. In order to preserve its ability to use these other bottles, it pays the required supplemental fees to TBS that are associated with the sorting of these bottles.

The design and labeling of all Brick beer brands and Seagram Coolers brands, as well as the design of the packaging and promotional material used to support the Company’s marketing activities, represent the Company’s first point of contact with the consumer. These marketing elements are designed to reinforce the image of the Brick and Seagram brands as unique tasting enjoyable products. The Company has invested and continues to invest substantial resources in the design, development and protection of the packaging, designs and artwork associated with its products.

The Company’s premium brands are available in cartons of 6 and 12 bottles, single serve 473ml cans, and mix packs of six 473ml cans, in addition to 20 and 58 litre kegs. The Laker brands are available in cartons of 6, 12, and 24 bottles and 6 and 15 355ml or single serve 473ml cans. Other value brands are available in cartons of 6, 12 and 24 bottles. Certain value brands are also available in 20 and 58 litre kegs. The Company’s Seagram Coolers brand is also available in a variety of different formats in Ontario such as cartons of 4 bottles, 6 pack of 355ml cans and single serve 473ml cans.

Trademarks

The Company has obtained Canadian trademark registrations in respect of its key trademarks and has actively enforced its rights in this regard. The Brick, Laker, Waterloo, Seagram, and Formosa names and trademarks have significant value and continue to be prominent in the marketing of the Company’s products.

The Company has obtained Canadian trademark registrations in respect of certain of its Brick brands, including Red Baron, Waterloo Dark, and of certain of its Formosa brands, including Formosa Springs Cold Filtered Draft. The Red Cap name and trademark registrations are licensed to the Company in Canada.

The Company purchased the Canadian rights to the Seagram Coolers brand on March 16, 2011.

The Company regards all of its trademarks as having substantial value. The Company’s policy is to pursue registration of its trademarks whenever appropriate and to vigorously oppose any infringement of its trademark rights.

Distribution

In Ontario, consumers can purchase beer only at retail outlets operated by TBS (which is owned by the Company’s three largest competitors, Molson, Labatt and Sleeman), government owned retail outlets operated by the LCBO, retail stores at breweries or at any bar, restaurant or tavern licensed by the LCBO to sell liquor for on-premise consumption. The Company delivers beer to selected TBS stores and to central TBS warehouses. In fiscal 2014, approximately 98% of the Company’s beer volumes in Ontario were sold directly or indirectly through the TBS and LCBO channels, and approximately 2% via the Company’s retail store.

On September 11, 2009, the Company announced that its distribution to TBS would be outsourced to Ryder Canada. At this time, the Company also eliminated direct delivery service for beer to licensees and the LCBO, which are now serviced directly through TBS.

In Ontario, consumers can purchase Seagram Coolers brand name products through government owned retail outlets operated by the LCBO, and Seagram malt-based products through TBS. In fiscal 2014, approximately 65% of the Company's total Seagram Coolers revenue came from product sold at the LCBO.

In fiscal 2011, the Company engaged sales agents to represent and sell its products in Atlantic Canada, British Columbia, Alberta and the North-Eastern region of the United States. In fiscal 2014, approximately 2% of the Company's total sales volume was sold outside of Ontario.

Sales and Marketing

The Company expends resources to attract and sell to beer consumers. An important aspect of marketing in this industry is the mix of product and packaging styles which a producer offers to its intended consumer.

The Company's Laker value brands are generally priced close to the MRP. These products are packaged and bottled in the industry standard bottle and sold to home consumers through TBS and LCBO outlets.

All packaging for the Laker brands are designed to have a fit and finish that, in management's view, stands out from other value brands. The Company also strives to pack as much value in a case of beer as possible. For instance, the inclusion of a free can within specially marked cases.

The Company operates a retail beer store at its Waterloo brewery. In addition to the sale of beer, the retail store also sells promotional merchandise. The main objective of the Company's marketing and sales efforts is the development of brand recognition and consumer preference for Brick and Seagram branded products and to foster and maintain the Company's image as a producer of great quality beers and RTD alcoholic beverages.

Suppliers

The Company obtains the ingredients used in its products and the packaging for its products from a variety of different sources. The Company has not historically had any difficulty in securing an adequate supply of ingredients or packaging for its products. The Company has very limited sources of glass bottles. The risk of glass bottle disruptions has increased with the reduction of supply alternatives due to the consolidation in recent years of the glass bottle manufacturing industry. See "Risk Factors". The Company continues to work on ensuring that alternate suppliers continue to be available for glass bottles.

Seasonality

The Company's revenue streams are influenced by seasonality. The second quarter, which covers the summer months, has historically been the strongest quarter for the Company, representing approximately 30% of total revenues in fiscal 2014, followed by the third quarter (approximately 25% of total revenues in fiscal 2014) which covers late summer and fall. The first and fourth quarters usually see a reduction in revenues as beer and RTD alcoholic beverage consumption is lower in the cooler winter months.

Research and Product Development

The Company conducts research aimed at identifying new products which meet emerging consumer trends.

Environmental Matters

The Company's brewery operations are subject to applicable provincial environmental laws and regulations, and local by-laws and permit requirements regarding, among other things, air emissions, water discharges and waste handling and disposal. Management believes that the Company is currently in compliance with all applicable

environmental laws and regulations. The Company has an agreement with the Region of Waterloo regarding waste water discharges for its Waterloo and Kitchener facilities and pays certain surcharges on its waste water discharge. In early fiscal 2014 and prior, the Company removed all waste water discharges from its Formosa facility and disposed of that waste water to various local municipalities. The Company pays surcharges to treat waste water discharge from its facilities. The Company's Formosa facility is now connected to a newly constructed waste water treatment plant, which was constructed in the latter part of fiscal 2014, and has an agreement with the Municipality of South Bruce to dispose of its waste water in exchange for a monthly payment plus a surcharge.

Competition

The Company currently competes primarily in Ontario. The beer market is mature and very competitive. Molson and Labatt dominate the overall industry with an approximate combined Ontario market share of 80%. In the premium beer category, products typically sell for prices at least 5% higher than regular or mainstream brands. This category includes other premium brewers, brewers of higher priced imported brands and premium priced products of the larger domestic breweries. Competition within the premium category is based on product quality, packaging, taste, advertising and promotional support, brand recognition and price. The Company believes that its primary competitor brands in this category include the Sleeman premium brands, the Creemore Springs brand owned by Molson and the Alexander Keith's brand owned by Labatt.

In response to the rapid growth of the premium beer category, the larger domestic brewers in Canada have introduced "craft like" beer brands and are expected to focus more attention on the import and premium beer categories in the future. The Company expects that the large domestic brewers, with their significant financial resources and established distribution networks, will seek greater participation in the potential additional growth of the premium beer category. Although an increase in the participation of the large domestic brewers in this market category will likely increase competition for market share and affect price sensitivity, the Company believes that the large domestic brewers' participation will also tend to increase advertising, distribution and consumer awareness of premium beer and thus contribute to further growth of the category.

Management believes that the value priced category in Ontario has not had significant growth in the past three years due to aggressive pricing activity by different brewers to bring the price of their value brands close to the Ontario MRP for beer. The Company's principal brand competition in the value priced beer category includes the Lakeport, Lucky, Blue, Blue Light and Busch brands produced or imported by Labatt; the Carling, Keystone, Milwaukee's Best, OV and Bohemian brands produced or imported by Molson; and the Stroh, Old Milwaukee, Pabst and Maclays brands produced by Sleeman. Although large brewers are competing in the value category, the Company believes that they will be cautious to promote these brands too aggressively since doing so would take market share away from their relatively higher priced, higher margin mainstream and premium brands.

The RTD alcoholic beverage category in Canada is approximately 1.3 million hectolitres annually. Growth in 2013 was approximately 8%. The largest competitors in the RTD alcoholic beverage category are Mark Anthony (Mike's Hard Lemonade and Palm Bay), Diageo (Smirnoff Ice) and Vincor (Vex). Each of the market leaders have market share in excess of 10%.

REGULATION

In Canada, the provincial governments regulate the production, marketing, distribution and pricing of beer and RTD alcoholic beverages and impose commodity taxes and license fees in relation to the production and sale of these products. In addition, the federal government regulates the production, advertising, labeling, quality control and international trade of beer and RTD alcoholic beverages, and also imposes commodity taxes, consumption taxes, excise taxes and, in certain instances, custom duties. As well, certain bilateral and multilateral treaties that have been entered into by the federal government, provincial governments and certain foreign governments, especially the government of the United States, affect the Canadian beer and RTD alcoholic beverages industries.

The social policy objectives of the Ontario government have impacted the policies adopted by beer and RTD alcoholic beverages regulators. The Government of Ontario has a high degree of involvement in the regulation of these industries, particularly the regulation of the pricing, sale, and distribution of these products.

In Ontario, beer manufacturers primarily distribute their products through TBS outlets, government-owned and operated LCBO outlets, independent licensed retail outlets at breweries and licensed bars and restaurants. RTD alcoholic beverage manufacturers primarily distribute their products through government-owned and operated LCBO outlets and licensed bars and restaurants.

The pricing of beer and RTD alcoholic beverages is affected by the imposition of provincial and federal taxes, fees and levies. The impact of these various commodity and sales taxes, fees and levies make up approximately 50% of the retail prices. On March 3, 2014, the MRP was increased by the LCBO. As an example, the minimum price (including deposit) of a 24-pack of 341 ml bottles (5% alcohol) increased from \$29.95 to \$30.50.

In Ontario, the sale of beer and RTD alcoholic beverages is regulated by the provincial government through the Alcohol and Gaming Commission of Ontario (“AGCO”) under the Liquor Control Act and the Liquor Licence Act. The LCBO has been established under the Liquor Control Act to regulate the sale of liquor in Ontario. Under the provisions of the Liquor Licence Act, manufacturers of beer and RTD alcoholic beverages are subject to certain licensing requirements and are required to pay fees to the provincial government based upon the amount of beer and RTD alcoholic beverages shipped for sale or distribution in Ontario.

Effective July 1, 2010, the AGCO no longer collects the fees related to shipments. These fees were replaced by a Beer and Wine Tax which is administered by the Ministry of Revenue. At the time of transition, the Beer and Wine tax rate was higher than the previous rate paid to the AGCO by \$14.2 per hectolitre of beer. The increase was delivered at the same time harmonized sales tax (“HST”) was implemented in Ontario. Previously, the combined provincial sales tax and federal goods and services tax on beer was 17%. With the introduction of HST, there is a reduction in total sales tax of 4%, with no change to the minimum retail prices. The government is capturing the loss on sales tax through an increased beer tax described above. The Beer and Wine Tax increases annually based on a factor of recent CPI changes.

FACILITIES

The Company owns two brewing facilities which are located in Waterloo, Ontario and Formosa, Ontario. In addition, the Company leases a warehousing and packaging facility in Kitchener, Ontario.

The Company’s facility in Waterloo is located on approximately one acre of land at 181 King St. South. The 130 year old renovated three story brick building is approximately 35,000 square feet in size. This facility currently has an annual brewing capacity of 250,000 hectolitres. The Company’s on-site retail store is located in this facility. The Company currently transports all beer produced in this facility to its Kitchener facility for bottling and packaging. The Company anticipates selling the land and building located in Waterloo, Ontario during fiscal 2015.

The Company’s facility in Formosa is located on nine acres of land at 1 Old Brewery Lane. The 35,000 square foot building sits on top of a large natural spring aquifer. The spring water is used in the brewery, which has an annual brewing capacity of 250,000 hectolitres. The Company has a bottling line in Formosa which can produce up to 250,000 hectolitres annually. The Company uses the Formosa facility primarily for co-packing and production of the Seagram Coolers brand. The facility is also used for supplemental brewing during periods of peak demand.

In October 2005, the Company moved into its facility in Kitchener. The 103,000 square foot building is leased and the lease expires in the year 2025 and includes provisions for expansion and future purchase options. The Company has centralized its warehousing and delivery operations within this facility and commissioned a new packaging line in April 2006, capable of packaging 375,000 hectolitres of bottles annually. The Kitchener facility also has canning capacity of 210,000 hectolitres and kegging capacity of 65,000 hectolitres.

EMPLOYEES

As at January 31, 2014, the Company had approximately 142 employees. No employees in the Company are unionized or subject to any collective bargaining agreements. Since its inception, the Company has not suffered any disruptions to production as a result of labour problems or employee disputes.

RISK FACTORS

Dependence on TBS

In fiscal 2014, 87% of all of the Company's gross sales were sold through the TBS distribution network. Accordingly, the Company relies extensively on TBS for distribution of its products. TBS is owned by the Company's three largest competitors, Molson, Labatt and Sleeman. As a result, the Company may be adversely affected by policies adopted by TBS or the Government of Ontario related to the sale, merchandising or distribution of beer and/or by any disruption of TBS service.

Competition

Beer

The Company considers its main competitors to be other participants in the Canadian brewing industry, which includes imported beer and specialty and value priced brands brewed by both small regional brewers and the national brewers. National brewers are aggressively promoting their own specialty and value brands as well as premium brands. The Company also anticipates increased competition as new brewers enter the market.

In the premium beer category, the principal competitive factors affecting the market for the Company's products include quality and taste, packaging, advertising and promotional support, brand recognition and price. There can be no assurance that the Company will be able to compete successfully in this category against current and future competitors based on these and other factors. The Company competes with a variety of domestic and international brewers, many of whom have substantially greater financial, production and marketing resources. The Company anticipates increased competition in the premium beer category from the major domestic brewers and imported brands.

Ready-to-drink alcoholic beverages

The RTD alcoholic beverage category in Canada is approximately 1.3 million hectolitres annually. Growth in 2013 was approximately 8%. The largest competitors in the RTD alcoholic beverage category are Mark Anthony (Mike's Hard Lemonade and Palm Bay), Diageo (Smirnoff Ice) and Vincor (Vex). Each of the market leaders have market share in excess of 10%.

Access to Bottles

In 1993, TBS introduced an industry standard bottle intended to be utilized by all brewers whose beers are distributed through TBS and adopted a policy of imposing a sorting charge which at present is approximately \$15 per hectolitre (depending on the size of the bottle) for all brewers who do not elect to use the industry standard bottle. The Company is subject to these sorting fees for all returnable bottles not in the industry standard bottle. The Company regards the clear bottles used for the Red Baron brand and the PC® brand as an integral part of its marketing strategy and has no intention of converting all brands to the industry standard bottle. Accordingly, the Company will continue to pay these sorting fees.

The Company has very limited sources of glass bottles. The risk of glass bottle disruptions has increased with the reduction of supply alternatives due to the consolidation in recent years of the glass bottle manufacturing industry. While the Company has not historically had any difficulty in securing an adequate supply of bottles for its products, there can be no assurance that the Company's glass bottle supplies will not be disrupted.

Liquidity Risk

During fiscal 2012, in conjunction with the purchase of the Seagram Coolers brand from Corby Distilleries Limited, Brick obtained a new term loan from HSBC Bank Canada ("HSBC") in the amount of \$5,800,000. The term loan is repayable over 7 years and has a floating rate of prime plus 3%. As part of the agreement with HSBC, the Company entered into an interest rate swap arrangement with HSBC, whereby the Company fixed \$2,900,000 of the original term loan of \$5,800,000 at an interest rate of 7.2%. The proceeds received from HSBC were used to settle a portion of the purchase price noted above and retire all long-term debt outstanding to Roynat Capital.

Concurrent with the issuance of the new term loan, HSBC increased the Company's maximum operating line of credit from \$6,500,000 to \$8,000,000. The terms for the operating line of credit remain unchanged.

As part of the purchase of the Seagram Coolers brand a secured promissory note in the amount of \$2,400,000 was issued to Corby Distilleries Limited bearing an interest rate of 5%. Principal payments in the amount of \$600,000 plus accrued interest are due annually beginning January 31, 2012. As of the date hereof, \$0.6 million remains outstanding under the promissory note.

During fiscal 2012, the Company also secured a new term loan from HSBC in the amount of \$420,000 to assist in the purchase and upgrade of certain property, plant and equipment.

During fiscal 2013, the Company secured a loan from GE Capital in the amount of \$2,500,000 to commission an upgrade to the Company's canning line. The upgrade increased the canning capacity from 90,000 HL to 150,000 HL and was completed in February 2013. The loan bears interest at 6.5% for a term of 84 months.

During fiscal 2014, the Company secured equipment financing from GE Capital in the amount of approximately \$400,000. The loan bears interest at 6.12% for a term of 60 months. The Company also secured a term loan of \$500,000 from HSBC which bears interest at prime plus 2.25% for a term of 60 months.

Currency and Interest Rate Risk

The Company does not have significant exposure to currency risk as the majority of the Company's purchases are in Canadian dollars. At January 31, 2014, the Company had long-term debt which is subject to interest rate fluctuations. At January 31, 2014, if interest rates changed by 1%, the Company's pre-tax earnings change would not be significant. The Company considers the level of exposure to interest rate risk to be low and accordingly, the Company does not have a formal policy to manage interest rate risk from borrowings at variable interest rates.

Commodity Risk

The Company uses large amounts of commodities to produce its products, including malted barley and hops. The Company reduces exposure to the price fluctuations of these commodities through the negotiation of fixed prices. The Company purchases its packaging materials, cans and certain raw ingredients from a limited number of suppliers, some of whom are single sourced. The risk of supply disruption resulting from a single source strategy is however minimal, as most materials are produced at multiple supplier sites and alternative sources of supply are available.

Business Risks

The results of operations, business prospects and financial condition of the Company are subject to a number of risks and uncertainties, and are affected by a number of factors outside the control of management. Risk and risk exposure are managed through a combination of insurance, a system of internal controls and sound operating practices.

Government Regulation

The Company's business is regulated by federal, provincial and local laws and regulations regarding such matters as licensing requirements, trade and pricing practices, permitted and required labeling, advertising, promotion and marketing practices, relationships with distributors, environmental and related matters. Failure on the part of the

Company to comply with federal, provincial or local laws and regulations could result in the loss, revocation or suspension of the Company's licenses, permits or approvals and accordingly could have a material adverse effect on the Company's business. The Company believes it has obtained all regulatory permits and licenses necessary to operate its business. In addition, changes to taxes, environmental regulations or any other laws or regulations which affect the Company's products or their production, handling or distribution could have a material adverse effect on the Company's operating results.

Trends in Consumer Preferences and Attitudes

The premium beer category has grown substantially over the past decade. The Company believes that one factor in such growth has been consumer demand for more full flavoured beer in a wider variety of styles. In recent years, the value beer category has declined as a result of the shift to premium beer consumption. There has been an increase in demand for lower calorie, all natural products. No assurance can be given however that consumer demand for these products will continue in the future. The Company's success also depends upon a number of factors related to the level of discretionary consumer spending, such as the general state of the economy, tax laws and consumer confidence in future economic conditions. In recent years there has been an increase in the level of health consciousness and considerable debate has occurred concerning alcohol-related social issues, such as alcoholism and drunk driving. In addition, a number of anti-alcohol groups are advocating increased governmental action which may be unfavourable to the beer and RTD alcoholic beverage industries.

Operating Hazards

The Company's operations are subject to certain hazards and liability risks faced by all brewers, such as potential contamination of ingredients or products and equipment defects. While the Company has not experienced a contamination problem in its products, the occurrence of such a problem could result in a costly product recall and serious damage to the Company's reputation for product quality. The Company has also not experienced a major equipment defect that had a major impact on product quality or supply. Although the Company maintains insurance against certain risks under various general liability and product liability policies, there can be no assurance that the Company's insurance will be adequate or that claims resulting from such incidents will be accepted as filed.

Dependence on Key Personnel

The Company's operations depend upon the continuing contributions of certain of its executive officers and other key management, and on its ability to attract and retain qualified management, sales, production, and marketing personnel. The loss of any of such persons or the failure to recruit additional key personnel in a timely manner could adversely affect the Company.

Seasonality

Sales of most of the Company's products are subject to predictable seasonal fluctuations in demand. While certain of the Company's variable costs can be managed to match seasonal patterns, a significant portion of the Company's costs are fixed and cannot be adjusted for seasonality.

General Economic Conditions

In prior years when the economy deteriorated, the value beer segment increased. With the economy improving in recent years, management expects the value beer segment to further decline. Historically per capita consumption of beer has remained fairly constant through tough economic times. The Company's current brand offerings are well positioned to mitigate general economic risk.

Litigation

From time to time, the Company is involved in disputes and legal actions arising in the ordinary course of business. There are no current legal disputes.

DIVIDENDS

The issued share capital of the Company consists solely of common shares and although the dividend policy authorizes the board of directors of the Company (the “Board”) to declare dividends, the Company has never paid dividends and no cumulative dividends are outstanding. The Company does not currently pay dividends on its common shares. The Board reviews this policy from time to time in the context of the Company’s earnings, financial condition and other relevant factors. Future payments of dividends are subject to the approval of the Company’s lenders.

DESCRIPTION OF CAPITAL STRUCTURE

Brick’s authorized share capital consists of an unlimited number of common shares. Each common share entitles the holder thereof to one vote at any meeting of the shareholders of Brick; to receive, as and when declared by the Board, dividends in such amounts as shall be determined by the Board; and to receive the remaining property of Brick in the event of the liquidation, dissolution or winding-up of the Company. As at April 16, 2014, there were 34,398,110 outstanding common shares, and outstanding options to acquire an aggregate of 1,436,735 common shares. All warrants issued by the Company have been exercised. For a description of the options please see Note 16 and 17 to the fiscal 2014 financial statements.

MARKET FOR SECURITIES

The common shares of Brick are listed and posted for trading on the Toronto Stock Exchange (the “TSX”) under the trading symbol of BRB.

Trading and Price and Volume

The following table presents the monthly price range per share and trading volume for the common shares of Brick on the TSX during fiscal 2014.

Period	High (\$)	Low (\$)	Volume Traded
February 2013	1.57	1.42	248,600
March 2013	1.70	1.47	1,555,000
April 2013	1.75	1.55	188,200
May 2013	1.93	1.54	563,400
June 2013	1.80	1.62	375,100
July 2013	1.70	1.45	1,571,900
August 2013	1.69	1.39	253,900
September 2013	1.50	1.25	1,649,900
October 2013	1.39	1.14	422,300
November 2013	1.33	1.16	208,000
December 2013	1.41	1.20	189,200
January 2014	1.47	1.30	167,900

Prior Sales

See note 17 to the fiscal 2014 financial statements for a description of options outstanding. During fiscal 2014, the Company issued the following new options under its stock option plan:

Date granted	# of options	Exercise Price	Expiry Date
April 26, 2013	100,000	1.66	April 26, 2018
April 29, 2013	200,000	1.69	April 29, 2018

Additionally during fiscal 2014, 561,599 existing vested options were exercised at a weighted average exercise price of \$0.94 while 20,000 unvested options were forfeited with an exercise price of \$1.44.

DIRECTORS AND OFFICERS

As at the date hereof, the name, province and country of residence, position and applicable committees with the Company and principal occupations of each of the directors and executive officers of the Company, and the period during which each director has served on the Board, are as follows:

Name and Residence	Position with Brick (including Board Committees)	Present Principal Occupation	Year first became a Director
Peter J. Schwartz Ontario, Canada	Director and Chairman of the Board (3)	President of Laurence Capital Corp. (merchant bank)	2008
Stan G. Dunford Ontario, Canada	Director (2)	Chairman and CEO of Contrans Group Inc. (freight transportation services)	2008
Edward H. Kernaghan Ontario, Canada	Director (1)(3)	President of Kernwood Ltd. (investment holding company); Sr. Investment Advisor, Chippingham Financial Group (brokerage firm)	2004
David R. Shaw Ontario, Canada	Director (2)(3)	Founder and CEO, Knightsbridge Human Capital Management Inc. (human resource services)	2008
Lawrence J. Macauley Ontario, Canada	Director (1)(2)	Retired	2009
John H. Bowey Ontario, Canada	Director (1)	Senior Counsel and Past Chairman, Deloitte	2010

Russell N. Tabata Ontario, Canada	Chief Operating Officer	Chief Operating Officer	N/A
Sean T. Byrne Ontario, Canada	Chief Financial Officer	Chief Financial Officer	N/A
Nick A. Relph Ontario, Canada	VP, Marketing and Sales	VP, Marketing and Sales	N/A

- (1) Member of the Audit Committee
- (2) Member of the Nominating and Corporate Governance Committee.
- (3) Member of the Compensation Committee

Prior Principal Occupations

The principal occupations of the directors and executive officers of Brick who have not held their present principal occupations for more than five years are described below.

Russell Tabata has more than 20 years of progressive experience in the brewing industry with a number of organizations, including Molson Coors and Lakeport Brewing (Labatt Breweries). Prior to joining Brick Brewing Russell served as Chief Technical Officer of Lakeport Brewing Company. Russell holds a Bachelor of Applied Science in Mechanical Engineering from the University of British Columbia and is a registered Professional Engineer in the province of Ontario.

Sean Byrne has over 20 years of senior financial management experience at publicly traded, enterprise-level companies. He has served in senior financial leadership roles with five NASDAQ and NYSE listed companies. Prior to joining Brick Brewing, Mr. Byrne was Vice President Finance at RR Donnelly. Mr. Byrne holds a Master of Business Administration from Heriot Watt University, Edinburgh Business School and is a Certified Management Accountant.

Nick Relph has extensive experience in the beverage alcohol industry, having worked with a number of leading alcoholic beverage brands, with his most recent experience as Director of Marketing, North America for Carlsberg.

John Bowey obtained an MBA from the Ivey School of Business at the University of Western Ontario and became a Chartered Accountant in 1976. He was admitted to the Partnership of Deloitte & Touche LLP in 1983. From 2000 to 2004 Mr. Bowey was the Tax Practice Leader for South Western Ontario and from 2001 to 2006 he was also the Regional Managing Partner for South Western Ontario. Mr. Bowey was elected to the Deloitte Board of Directors in 2002, was appointed Chairman of the Board Governance Committee in 2004 and was elected by the partnership as Chairman of Deloitte in 2006. Mr. Bowey retired from Deloitte in May 2010. In 2008, he received his ICD.D designation from the Institute of Corporate Directors.

Edward H. Kernaghan was previously Vice-President of Kernaghan Securities Ltd., an introducing brokerage firm, from 2001 to 2013 when the firm changed name to Chippingham Financial Group in August 2013 and Mr. Kernaghan's title to Senior Investment Advisor in October 2013. Prior to becoming President of Kernwood Ltd. in 2011, Mr. Kernaghan was Vice-President, Director of Kernwood Ltd.

Board Committees

As of the date hereof, the Board has three standing committees: the Audit Committee, the Nominating and Corporate Governance Committee and the Compensation Committee. The members of each committee are as indicated in the above table.

Term of Office

The by-laws of the Company provide that directors shall be elected at each annual general meeting of the shareholders and will serve until the next annual general meeting of shareholders or until their successors are elected or appointed in accordance with the by-laws.

Voting Securities

As at the date hereof, the directors and executive officers of the Company as a group, beneficially own, directly or indirectly, or exercise control or direction over, approximately 16,015,392 outstanding common shares of the Company, being approximately 46.6% of the outstanding common shares of the Company.

Cease Trade Orders, Bankruptcies, Penalties and Sanctions

No director or executive officer of the Company is, or within 10 years before the date hereof, has been: (a) a director, chief executive officer or chief financial officer of any company (including the Company) that, (i) was subject to an order that was issued while the proposed director was acting in the capacity as director, chief executive officer or chief financial officer, or (ii) was subject to an order that was issued after the proposed director ceased to be a director, chief executive officer or chief financial officer and which resulted from an event that occurred while that person was acting in the capacity as director, chief executive officer or chief financial officer; or (b) a director or executive officer of any company (including the Company) that, while that person was acting in that capacity, or within a year of that person ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets, except as set out below. For the purposes of this paragraph, "order" means a cease trade order, an order similar to a cease trade order or an order that denied the relevant company access to any exemption under securities legislation, in each case that was in effect for a period of more than 30 consecutive days.

Sean Byrne, Chief Financial Officer of the Company, was Chief Financial Officer of Temlam Inc. and Jager Building Systems Inc., a subsidiary of Temlam Inc., in September 2008 when Temlam Inc. and Jager Building Systems Inc. made voluntary assignments in bankruptcy under the Bankruptcy and Insolvency Act (Canada) with PricewaterhouseCoopers Inc. appointed as trustee. Temlam Inc. was jointly owned on a 50/50 basis by Tembec Inc. (TSX: TMB) and Société générale de financement du Québec (SGF). Temlam Inc. and Jager Building Systems Inc. produced and sold products primarily into the U.S. residential housing market.

No director or executive officer of the Company has been subject to any: (a) penalties or sanctions imposed by a court relating to Canadian securities legislation or by a Canadian securities regulatory authority or has entered into a settlement agreement with a Canadian securities regulatory authority; or (b) other penalties or sanctions imposed by a court or regulatory body that would be likely to be considered important to a reasonable security holder in deciding whether to vote for a proposed director.

No director or executive officer of the Company has, within the 10 years before the date hereof, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or become subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold the assets of the director or executive officer.

LEGAL PROCEEDINGS

There are no legal proceedings material to Brick which it is a party to, or that any of its property is or was the subject of, during the Company's financial year ended January 31, 2014.

INTEREST OF MANAGEMENT AND OTHERS IN MATERIAL TRANSACTIONS

One of the Company's previous vendors, Laidlaw Carriers Van LP ("Laidlaw"), is subject to significant influence by Stan G. Dunford. Laidlaw is a subsidiary of Contrans Group Inc. of which Mr. Dunford is Chairman and Chief Executive Officer and the principal shareholder. Laidlaw provided distribution services to the Company during fiscal 2013 of approximately \$0.3 million, and \$0.4 million during fiscal 2012. The contract with Laidlaw Carriers Van LP ended in the fourth quarter of fiscal 2013, and the distribution services were transitioned to a non-related service provider. There was no interest of management and others in material transactions during fiscal 2014.

TRANSFER AGENT AND REGISTRAR

Brick's transfer agent and registrar for its common shares is Computershare Investor Services Inc. of Toronto, Ontario.

MATERIAL CONTRACTS

The Corporation has no material contracts, other than contracts entered into in the ordinary course of business, that were entered into during the financial year ended January 31, 2014 or that were entered into before the financial year ended January 31, 2014 that are still in effect, other than:

- (i) the license agreement dated March 16, 2011 for the use by Brick of certain Seagram brand trademarks in Canada.

INTEREST OF EXPERTS

The Company's external auditors are KPMG LLP, 115 King Street South, 2nd Floor, Waterloo, Ontario N2J 5A3. KPMG LLP has audited the financial statements of the Company for the fiscal year ended January 31, 2014, and has issued an audit report to the Company with respect to such financial statements.

The Company has been advised that the partners and staff of KPMG LLP beneficially own, directly or indirectly, less than 1% of any class of securities issued by the Company.

AUDIT COMMITTEE INFORMATION

Audit Committee Charter

The responsibilities and duties of the Audit Committee of Brick are set out in the Audit Committee's charter, the text of which is set forth in Appendix A to this annual information form.

Composition of the Audit Committee

The members of the Audit Committee as at January 31, 2014 were John Bowey (Audit Committee Chairperson), Edward H. Kernaghan and Lawrence Macauley.

Each of the members of the Audit Committee has been determined by the Board to be “independent” and “financially literate”. Each member of the Audit Committee has the ability to perform his responsibilities as an Audit Committee member based on his education and/or experience as summarized below.

John Bowey obtained his MBA from the Ivey School of Business at the University of Western Ontario and became a Chartered Accountant in 1976. He was admitted to the Partnership of Deloitte & Touche LLP in 1983. From 2000 to 2004 Mr. Bowey was the Tax Practice Leader for South Western Ontario and from 2001 to 2006 he was also the Regional Managing Partner for South Western Ontario. Mr. Bowey was elected to the Deloitte Board of Directors in 2002, was appointed Chairman of the Board Governance Committee in 2004 and was elected by the partnership as Chairman of Deloitte in 2006. Mr. Bowey retired from Deloitte in May 2010. In 2006, he was recognized as a “fellow” of the Institute of Chartered Accountants of Ontario for his professional and community achievements. In 2008, he received his ICD.D designation from the Institute of Corporate Directors.

Edward Kernaghan has been a member of the Board since 2004. Mr. Kernaghan is President of Kernwood Ltd., an investment holding company. He is also Senior Investment Advisor at Chippingham Financial Group, a brokerage firm. Mr. Kernaghan has the Chartered Financial Planner designation granted by the Canadian Securities Institute. Mr. Kernaghan is also a director of Boralex Inc., Exco Technologies Limited and PFB Corporation.

Larry Macauley began his career at Labatt Breweries of Canada after completing his Honours Degree in Science and Applied Chemistry at the University of Waterloo. Following Labatt’s acquisition by Interbrew, Larry was appointed Vice-President of Brewery Operations Americas, and in three years, appointed Executive Vice-President and Chief Technical Officer with global responsibilities for Interbrew S.A. Leuven, Belgium prior to the IPO. Mr. Macauley retired in May 2005.

There has not been an instance where non-audit services were not pre-approved by the Audit Committee.

Since February 1, 2009, there has not been an instance where the Board did not adopt a recommendation by the Audit Committee to nominate or compensate an external auditor.

Pre-approval of Non-audit Services

The Audit Committee has adopted a pre-approval policy for services provided by its auditor (“Pre-approval Policy”). Pursuant to the Pre-approval Policy, subject to exception as described below, all services provided by the auditor to the Company must be pre-approved by the Audit Committee.

The Audit Committee may pre-approve non-audit services that it believes would not impair the independence of the auditor. The Pre-approval Policy lists certain services that have already been pre-approved by the Audit Committee, including audit related services, tax services and other additional services. This list may be amended by the Audit Committee from time to time. Any service that is not listed in the Pre-approval Policy as a pre-approved service must be approved by the Audit Committee.

The Audit Committee may delegate its pre-approval authority to the Chair of the Audit Committee if the services are less than \$10,000. The Chair is then required to report any pre-approval decisions that he makes to the Audit Committee at its next scheduled meeting.

The Pre-approval Policy lists the types of non-audit services that are deemed to be inconsistent with an auditor’s independence (“Prohibited Services”). The Pre-approval Policy identifies ten types of Prohibited Services that the Auditor may not provide: bookkeeping or other services related to the accounting records or financial statements, financial information systems design and implementation, appraisal or valuation services for financial reporting purposes, actuarial services for items recorded in the financial statements, internal audit outsourcing services,

management functions, human resources, certain corporate finance and other services and certain expert services unrelated to the audit.

External Auditor Service Fees

The following table sets forth the fees paid to KPMG LLP, the Company’s external auditor, for services rendered for the fiscal years 2014 and 2013:

		2014	2013
	Description of Fees	(\$)	(\$)
1.	Audit fees.....	\$74,700	\$63,200
2.	Audit-related fees	3,500	2,300
3.	Tax fees	16,700	9,000
		<hr/>	<hr/>
	TOTAL	\$94,900	\$74,500

Notes:

1. “Audit Fees” include the aggregate professional fees paid to KPMG LLP, for the audit of the annual financial statements and other regulatory audits and filings.
2. “Audit-related fees” include the aggregate fees paid to KPMG LLP, for the provision of technical, accounting and financial reporting advice services.
3. “Tax fees” include the aggregate fees paid to KPMG LLP, for the provision of corporate tax compliance, tax planning and other tax services.

FORWARD-LOOKING STATEMENTS

This annual information form contains certain forward-looking statements that involve risks and uncertainties, such as statements of the Company’s plans, objectives, strategies, expectations and intentions and include, for example, the statements concerning expected volumes, operating efficiencies and costs. Forward-looking statements generally can be identified by the use of forward-looking terminology such as “may”, “will”, “expect”, “intend”, “anticipate”, “seek”, “plan”, “believe” or “continue” or the negatives of these terms or variations of them or similar terminology. Although the Company believes that the expectations and assumptions reflected in these forward-looking statements are reasonable, undue reliance should not be placed on these forward-looking statements, which are not guarantees, reflect the Company’s views as of April 16, 2014 with respect to future events and are subject to certain risks, uncertainties and assumptions, which may cause actual performance and financial results to differ materially from such forward-looking statements. The forward-looking statements, including the statements regarding expected volumes, operating efficiencies and costs are based on, among other things, the following material factors and assumptions: volumes in the fiscal year ending January 31, 2015 (“fiscal 2015”) will increase, no material changes in consumer preferences, brewing, blending and packaging efficiencies will improve, input costs for brewing and blending materials will increase, the cost of packaging materials will decrease, competitive activity from other brewers will continue, no material change to the regulatory environment in which the Company operates and no material supply, cost or quality control issues with vendors. Readers are urged to consider the foregoing factors and assumptions when reading the forward-looking statements and, for more information regarding the risks, uncertainties and assumptions that could cause the Company’s actual financial results to differ from the forward-looking statements, to also refer to the rest of the discussion in this annual information form, the Company’s Management Discussion and Analysis and various other public filings. The forward-looking statements included in this annual information form are made only as of April 16, 2014 and, except as required by applicable securities laws, the Company does not undertake to publicly update such forward-looking statements to reflect new information, future events or otherwise.

ADDITIONAL INFORMATION

Additional information concerning the Company, including directors' and officers' remuneration, principal holders of the Company's securities and securities authorized for issuance under equity compensation plans, will be contained in the Company's Management Information Circular for its annual meeting of shareholders to be held on June 10, 2014. Additional financial information is provided in the Company's comparative financial statements and management discussion and analysis for the year ended January 31, 2014. Copies of such documents and the AIF may be obtained upon request from the Secretary of the Company.

All requests for additional information should be made to the Secretary at the principal office of the Company at 400 Bingemans Centre Drive, Kitchener, Ontario N2B 3X9.

Additional information concerning the Company, including the materials listed in the preceding paragraphs, may be found on SEDAR at www.sedar.com.

APPENDIX A
AUDIT COMMITTEE MANDATE AND CHARTER
BRICK BREWING CO. LIMITED

I. The Board of Directors' Mandate for the Audit Committee

I. The Board of Directors ("Board") bears responsibility for the stewardship of Brick Brewing Co. Limited (the "Corporation"). To discharge that responsibility, the Board is obligated by the Ontario *Business Corporations Act* to supervise the management of the business and affairs of the Corporation. The Board's supervisory function involves Board oversight or monitoring of all significant aspects of the management of the Corporation's business and affairs.

Financial reporting and disclosure by the Corporation constitute a significant aspect of the management of the Corporation's business and affairs. The objective of the Board's monitoring of the Corporation's financial reporting and disclosure (the "Financial Reporting Objective") is to gain reasonable assurance of the following:

- a) that the Corporation complies with all applicable laws, regulations, rules, policies and other requirements of governments, regulatory agencies and stock exchanges relating to financial reporting and disclosure;
- b) that the accounting principles, significant judgments and disclosures which underlie or are incorporated in the Corporation's financial statements are the most appropriate in the prevailing circumstances;
- c) that the Corporation's quarterly and annual financial statements are accurate and present fairly the Corporation's financial position and performance in accordance with International Financial Reporting Standards ("IFRS"); and
- d) that appropriate information concerning the financial position and performance of the Corporation is disseminated to the public in a timely manner.

The Board is of the view that the Financial Reporting Objective cannot be reliably met unless the following activities (the "Fundamental Activities") are conducted effectively:

- a) the Corporation's accounting functions are performed in accordance with a system of internal financial controls designed to capture and record properly and accurately all of the Corporation's financial transactions;
- b) the Corporation's internal financial controls are regularly assessed for effectiveness and efficiency;
- c) the Corporation's quarterly and annual financial statements are properly prepared by management;
- d) the Corporation's annual financial statements are reported on by an external auditor appointed by the shareholders of the Corporation; and
- e) the financial components of the Corporation's Disclosure Policy are complied with by management and the Board.

To assist the Board in its monitoring of the Corporation's financial reporting and disclosure, the Board has established, and hereby continues the existence of, a committee of the Board known as the Audit Committee (the "Committee"). The Committee shall develop and present to the Board for the Board's approval a Charter which, among other things, will describe the activities in which the Committee will engage for the purpose of gaining reasonable assurance that the Fundamental Activities are being conducted effectively and that the Financial Reporting Objective is being met.

2. *Composition of Committee*

- a) The Committee shall be appointed annually by the Board and consist of at least three (3) members from among the directors of the Corporation, each of whom shall be independent as required by applicable securities legislation and stock exchange regulations and free from any direct or indirect relationship that, in the opinion of the Board, could reasonably interfere with the exercise of his or her independent judgment as a member of the Committee. Officers of the Corporation, including the Chairman of the Board, may not serve as members of the Audit Committee.
- b) The Board shall appoint the Chairman of the Committee.

3. *Reliance on Experts*

In contributing to the Committee's discharging of its duties under this mandate, each member of the Committee shall be entitled to rely in good faith upon:

- a) financial statements of the Corporation represented to him or her by an officer of the Corporation or in a written report of the external auditors to present fairly the financial position of the Corporation in accordance with IFRS; and
- b) any report of a lawyer, accountant, engineer, appraiser or other person whose profession lends credibility to a statement made by any such person.

4. *Limitations on Committee's Duties*

In contributing to the Committee's discharging of its duties under this mandate, each member of the Committee shall be obliged only to exercise the care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances. Nothing in this mandate is intended, or may be construed, to impose on any member of the Committee a standard of care or diligence that is in any way more onerous or extensive than the standard to which all Board members are subject. The essence of the Committee's duties is monitoring and reviewing to gain reasonable assurance (but not to ensure) that the Fundamental Activities are being conducted effectively and that the Financial Reporting Objective is being met and to enable the Committee to report thereon to the Board.

II. *Audit Committee Charter*

The Audit Committee's Charter outlines how the Committee will satisfy the requirements as set forth by the Board in its mandate. This Charter comprises:

- Operating Principles;
- Operating Procedures;
- Specific Responsibilities and Duties

A. *Operating Principles*

The Committee shall fulfill its responsibilities within the context of the following principles:

1) *Committee Values*

The Committee expects the management of the Corporation to operate in compliance with corporate policies; with laws and regulations governing the Corporation; and to maintain strong financial reporting and control processes.

2) **Communications**

The Chairman (and others on the Committee) expects to have direct, open and frank communications throughout the year with management, other Board Committee Chairmen, the external auditors, and other Committee advisors as applicable.

3) **Financial Literacy**

All Committee Members shall be financially literate and sufficiently versed in financial matters to understand the Corporation's accounting practices and policies and the major judgments involved in preparing the financial statements.

4) **Annual Audit Committee Work Plan**

The Committee, in consultation with management and the external auditors, shall develop an annual Audit Committee Work Plan responsive to the Committee's responsibilities as set out in this Charter. In addition, the Committee, in consultation with management and the external auditors, shall develop and participate in a process for review of important financial topics that have the potential to impact the Corporation's financial disclosure.

5) **Meeting Agenda**

Committee meeting agendas shall be the responsibility of the Chairman of the Committee in consultation with Committee members, senior management and the external auditors.

6) **Committee Expectations and Information Needs**

The Committee shall communicate its expectations to management and the external auditors with respect to the nature, timing and extent of its information needs. The Committee expects that written materials will be received from management and the external auditors at least three days in advance of meeting dates.

7) **External Resources**

To assist the Committee in discharging its responsibilities, the Committee may in addition to the external auditors, at the expense of the Corporation, retain independent counsel and other advisors having special expertise as it deems necessary to carry out its duties. The Committee shall set and pay the compensation for any such advisors.

8) **In Camera Meetings**

At each meeting of the Committee, the members of the Committee shall meet in private session with the external auditors; or with management; or with the Committee members only.

9) **Reporting to the Board**

The Committee, through its Chairman, shall report after each Committee meeting to the Board at the Board's next regular meeting.

10) **Committee Self Assessment**

The Committee shall annually review, discuss and assess its own performance. In addition, the Committee shall periodically review its role and responsibilities.

11) **The External Auditors**

The Committee requires that, in discharging its responsibilities, the external auditors shall report directly to the Committee and be accountable to the Committee. The external auditors shall report all material issues or potentially material issues directly to the Committee.

B. Operating Procedures

- 1) The Committee shall meet at least four times annually, or more frequently as circumstances dictate. Meetings shall be held at the request of the Chairman, upon the request of two (2) members of the Committee or at the request of the external auditors.
- 2) A quorum shall be a majority of the members.
- 3) Unless the Committee otherwise specifies, the Secretary of the Corporation shall act as Secretary of all meetings of the Committee.
- 4) In the absence of the Chairman of the Committee, the members shall appoint an acting Chairman.
- 5) A copy of the minutes of each meeting of the Committee shall be provided to each member of the Committee and to each director of the Corporation in a timely fashion.

C. Specific Responsibilities and Duties

To fulfill its responsibilities and duties, the Committee shall:

Financial Reporting

- 1) Review the Corporation's annual and quarterly financial statements with management and the annual financial statements with the external auditors to gain reasonable assurance that the statements are accurate, complete, represent fairly the Corporation's financial position and performance and are in accordance with IFRS and report thereon to the Board before such financial statements are approved by the Board;
- 2) Receive from the external auditors reports on their audit of the annual financial statements;
- 3) Receive from management a copy of the representation letter provided to the external auditors and receive from management any additional representations required by the Committee;
- 4) Review and, if appropriate, recommend approval to the Board of news releases and reports to shareholders issued by the Corporation with respect to the Corporation's annual and quarterly financial statements and any financial information derived from such statements, including earnings; and
- 5) Review and, if appropriate, recommend approval to the Board of prospectuses, material change disclosures of a financial nature, management discussion and analysis, annual information forms and similar disclosure documents to be issued by the Corporation.

Accounting Policies

- 1) Review with management and the external auditors the appropriateness of the Corporation's accounting policies, disclosures, reserves, key estimates and judgments, including changes or variations thereto and obtain reasonable assurance that they are in compliance with IFRS and report thereon to the Board; and
- 2) Review with management and the external auditors the degree of conservatism of the Corporation's underlying accounting policies, key estimates and judgments and reserves.

Risk and Uncertainty

- 1) Acknowledging that it is the responsibility of the Board, in consultation with management, to identify the principal business risks facing the Corporation, determine the Corporation's tolerance for risk and approve risk management policies, the Committee shall focus on financial risk and gain reasonable assurance that financial risk is being effectively managed or controlled by:
 - a) reviewing with management the Corporation's tolerance for financial risks;
 - b) reviewing with management its assessment of the significant financial risks facing the Corporation;
 - c) reviewing with management the Corporation's policies and any proposed changes thereto for managing those significant financial risks; and
 - d) reviewing with management its plans, processes and programs to manage and control such risks;
- 2) Ascertain that policies and procedures are in place to minimize environmental, occupational health and safety and other risks to asset value and mitigate damage to or deterioration of asset value and review such policies and procedures periodically;
- 3) Review policies and compliance therewith that require significant actual or potential liabilities, contingent or otherwise, to be reported to the Board in a timely fashion;
- 4) Review foreign currency, interest rate and commodity price risk mitigation strategies, including the use of derivative financial instruments;
- 5) Review the adequacy of insurance coverage's maintained by the Corporation; and
- 6) Review regularly with management, the external auditors and the Corporation's legal counsel, any legal claim or other contingency, including tax assessments, that could have a material effect upon the financial position or operating results of the Corporation and the manner in which these matters have been disclosed in the financial statements.

Financial Controls and Control Deviations

- 1) Review the plans of management and the external auditors to gain reasonable assurance that the combined evaluation and testing of internal financial controls is comprehensive, coordinated and cost effective; and
- 2) Receive regular reports from management, the external auditors, or, if requested, the Corporation's legal counsel on all significant deviations, or indications/detection of fraud and the corrective activity undertaken in respect thereto.

Compliance with Laws and Regulations

- 1) Review regular reports from management and others (e.g. external auditors) with respect to the Corporation's compliance with laws and regulations having a material impact on the financial statements including:
 - a) tax and financial reporting laws and regulations;
 - b) legal withholding requirements;
 - c) environmental protection laws and regulations; and

- d) other laws and regulations which expose directors to liability;
- 2) Review reports with respect to occupational health and safety matters having a potential significant financial impact and to gain reasonable assurance annually that the Corporation's reserves with respect to such matters are sufficient and appropriate; and
- 3) Review the status of the Corporation's tax returns and, if applicable, those of its subsidiaries.

Relationship with External Auditors

- 1) Recommend to the Board the nomination of the external auditors;
- 2) Recommend to the Board the remuneration of the external auditors and approve the terms of engagement of the external auditors as set forth in the auditors' engagement letter;
- 3) Be directly responsible for overseeing the work of the external auditors;
- 4) Review the performance of the external auditors annually or more frequently as required;
- 5) Receive annually from the external auditors an acknowledgement in writing that the shareholders, as represented by the Board and the Committee, are their primary client;
- 6) Receive a report annually from the external auditors with respect to their independence, such report to include disclosure of all engagements (and fees related thereto) for non audit services provided to the Corporation;
- 7) Review with the external auditors the scope of the audit, the areas of special emphasis to be addressed in the audit, the extent to which the external audit can be coordinated with management's activities and the materiality levels which the external auditors propose to employ;
- 8) Meet regularly with the external auditors in the absence of management to determine that no management restrictions have been placed on the scope and extent of the audit examinations by the external auditors or the reporting of their findings to the Committee;
- 9) Establish effective communication processes with management and the Corporation's external auditors to assist the Committee to monitor objectively the quality and effectiveness of the relationship among the external auditors, management and the Committee;
- 10) Resolve disagreements between management and the external auditors regarding financial reporting; and
- 11) Pre-approve all non-audit services to be provided to the Corporation by the external auditors and shall establish a pre-approval policy to do so.

Other Responsibilities

- 1) Periodically review the form, content and level of detail of financial reports to the Board;
- 2) Approve annually the reasonableness of the expenses of the Chairman of the Board and the President and Chief Executive Officer;
- 3) After consultation with the Chief Financial Officer and the external auditors, gain reasonable assurance, at least annually, of the quality and sufficiency of the Corporation's accounting and financial personnel and other resources;

- 4) Review in advance the appointment of the Corporation's senior financial executives;
- 5) Investigate any matters that, in the Committee's discretion, fall within the Committee's duties; and
- 6) Perform such other functions as may from time to time be assigned to the Committee by the Board.

Accountability

- 1) Review and update this Charter on a regular basis for approval by the Board;
- 2) From time to time, as requested by the Board, disclose its Mandate and this Charter in the Corporation's statement of corporate governance practices;
- 3) Review the description of the Committee's activities as set forth in the Corporation's statement of corporate governance practices; and
- 4) Ensure adequate procedures are in place for the review of the Corporation's public disclosure of financial information extracted or derived from the Corporation's financial statements and periodically assess those procedures.

Procedures

The Committee shall establish procedures for:

- 1) the receipt, retention and treatment of complaints received by the Corporation regarding accounting, internal accounting controls, or auditing matters; and
- 2) the confidential anonymous submission by employees of the Corporation of concerns regarding questionable accounting or audit matters.

The Committee shall also review and approve the Corporation's hiring policies regarding partners, employees and former partners and employees of the present and former external auditors.
