BRICK BREWING CO. LIMITED

MANAGEMENT INFORMATION CIRCULAR

Solicitation of Proxies

This Management Information Circular (the “Circular”) is furnished in connection with the solicitation of proxies by management of Brick Brewing Co. Limited (the “Corporation” or “Brick Brewing”) to be used at the annual and special meeting (the “Meeting”) of shareholders of the Corporation (“Shareholders”) to be held at 3:00 p.m. (Eastern Daylight Time) on June 6, 2018 for the purposes set out in the accompanying Notice of Annual and Special Meeting of Shareholders of Brick Brewing (the “Notice of Meeting”). It is expected that the solicitation will be made primarily by mail, supplemented possibly by telephone or other personal contact by management or regular employees of the Corporation and/or the Corporation’s transfer agent, Computershare Investor Services Inc. The cost of any such solicitation will be borne by the Corporation. Except as otherwise indicated, information contained herein is given as of May 4, 2018.

Appointment, Time for Deposit and Revocability of Proxy

Each of the persons named in the enclosed form of proxy is an officer of the Corporation. **A Shareholder desiring to appoint some other person (who need not be a Shareholder) to attend and act for him, her or it at the Meeting may do so either by inserting such person’s name in the blank space provided in the form of proxy or by completing another proper form of proxy.** If a Shareholder wishes to vote by proxy, the proxy to be used at the Meeting must be delivered to Computershare Investor Services Inc., 100 University Avenue, 8th Floor, Toronto, Ontario M5J 2Y1 (fax: +1-866-249-7775 within North America or +1-416-263-9524 from all other countries). A proxy should be executed by the Shareholder or his or her attorney in writing or, if the Shareholder is a corporation, under its corporate seal or by an officer or attorney thereof duly authorized. Proxies to be used at the Meeting must be delivered to Computershare Investor Services Inc. so as to be received no later than 3:00 p.m. (Eastern Daylight Time) on Monday, June 4, 2018 (or at least 48 hours, excluding Saturdays, Sundays and holidays before any adjournment or postponement of the Meeting) or delivered to the Chairman of the Meeting prior to the commencement of the Meeting, or any adjournment thereof, in order for the proxy to be voted. As an alternative to completing and submitting a proxy for use at the Meeting, a Shareholder may vote electronically on the internet at www.investorvote.com or by telephone by contacting Computershare Investor Services Inc. at +1-866-732-8683. Votes cast electronically or by telephone are in all respects equivalent to, and will be treated in the same manner as, votes cast via a paper form of proxy. Shareholders who wish to vote using internet or by telephone should follow the instructions provided in the enclosed form of proxy. Votes cast electronically or by telephone must be submitted no later than 3:00 p.m. (Eastern Daylight Time) on Monday, June 4, 2018 or at least 48 hours, excluding Saturdays, Sundays and holidays, before any adjournment or postponement of the Meeting.

A proxy given by a Shareholder may be revoked as to any motion on which a vote has not already been cast pursuant to the authority conferred by it, by instrument in writing executed by the Shareholder or by his or her attorney authorized in writing or, if the Shareholder is a corporation, under its corporate seal or by an officer or attorney thereof duly authorized, and deposited either at the registered and head office of the Corporation at any time up to and including the last business day preceding the day of the Meeting, or any adjournment thereof, or with the Chairman of the Meeting on the day of the Meeting or any adjournment thereof, or in any other manner permitted by law. The registered and head office of the Corporation is located at 400 Bingemans Centre Drive, Kitchener, Ontario N2B 3X9. If a Shareholder has voted on the internet or by telephone and wishes to change such vote, such Shareholder may vote again through such means before 3:00 p.m. (Eastern Daylight Time) on Monday, June 4, 2018 or at least 48 hours, excluding Saturdays, Sundays and holidays, before any adjournment or postponement of the Meeting.

Exercise of Discretion by Holders of Proxies

The form of proxy provided to Shareholders with the Notice of Meeting and this Circular provides the Shareholder with an opportunity to specify that the common shares registered in his, her or its name shall be voted or withheld from voting in respect of certain of the matters to be considered at the Meeting. On any ballot that may be called for, the common shares represented by proxies in favour of management nominees will be voted or withheld from voting in respect of the election of directors, the reappointment and remuneration of the auditors and the renewal of the Corporation's stock option plan for a further three years, in each case in accordance with the specifications made by Shareholders in the manner referred to above. **In respect of proxies in which Shareholders have not specified the manner of voting, the common shares represented by proxies in favour of management nominees will be voted: (i) FOR the election as directors of each of the persons listed as nominees in this Circular; (ii) FOR the reappointment of KPMG LLP as auditors of the Corporation and to authorize the board of directors to fix the auditor's remuneration; and (iii) FOR the renewal of the Corporation's stock option plan for a further three years by approving the unallocated options to purchase shares thereunder.**

The enclosed form of proxy confers discretionary authority upon the proxy nominees with respect to amendments or variations of matters identified in the Notice of Meeting or other matters which may properly come before the Meeting. As of the date hereof, management knows of no such amendments, variations or other matters to come before the Meeting other than the matters referred to in the Notice of Meeting. However, if any other matters, which are not now known to management, should properly come before the Meeting, the common shares represented by proxies in favour of management nominees will be voted on such matter in accordance with the best judgment of the proxy nominee.

Beneficial Shareholders

The information set forth in this section is of significant importance to many Shareholders as a substantial number of Shareholders do not hold common shares in their own name and thus are considered non-registered beneficial Shareholders. Only registered holders of common shares or the persons they appoint as their proxyholder are permitted to vote at the Meeting. However, in many cases, common shares beneficially owned by a person (a "**Beneficial Holder**") are registered either: (i) in the name of an intermediary (an "**Intermediary**") (including, among others, banks, trust companies, securities dealers, brokers and trustees or administrators of self-administered RRSPs, RRIFs, RESPs and similar plans) that the Beneficial Holder deals with in respect of the common shares, or (ii) in the name of a clearing agency (such as the Canadian Depository for Securities Limited) of which the Intermediary is a participant. Beneficial Holders should note that only proxies deposited by Shareholders whose names appear on the records of the Corporation as the registered holders of common shares can be recognized and acted upon at the Meeting. In accordance with the requirements of the Canadian Securities Administrators, the Corporation will have distributed copies of the Notice of Meeting, this Circular and the enclosed form of proxy to the clearing agencies and Intermediaries for onward distribution to Beneficial Holders. If you are a Beneficial Holder, your Intermediary will be the entity legally entitled to vote your common shares at the Meeting. Common shares held by an Intermediary can only be voted upon the instructions of the Beneficial Holder. Without specific instructions, Intermediaries are prohibited from voting common shares.

Applicable regulatory policy requires Intermediaries to seek voting instructions from Beneficial Holders in advance of the Meeting. Often, the form of proxy supplied to a Beneficial Holder by its Intermediary is identical to the form of proxy provided to registered Shareholders; however, its purpose is limited to instructing the registered Shareholder how to vote on behalf of the Beneficial Holder. The majority of Intermediaries now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. ("**Broadridge**"). Broadridge typically mails a scannable voting instruction form in lieu of the form of proxy. The Beneficial Holder is requested to complete and return the voting instruction form to Broadridge by mail or facsimile. Alternatively, the Beneficial Holder may call a toll-free telephone number or access the internet to provide instructions regarding the voting of common shares held by such Beneficial Holder. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of common shares to be represented at the Meeting. A Beneficial Holder receiving a voting instruction form cannot use that voting instruction form to vote common shares directly at

the Meeting, as the voting instruction form must be returned as directed by Broadridge well in advance of the Meeting in order to have such common shares voted.

Beneficial Holders should ensure that instructions respecting the voting of their common shares are communicated in a timely manner and in accordance with the instructions provided by their Intermediary or Broadridge, as applicable. Every Intermediary has its own mailing procedures and provides its own return instructions to clients, which should be carefully followed by Beneficial Holders in order to ensure that their common shares are voted at the Meeting.

Although a Beneficial Holder may not be recognized directly at the Meeting for the purpose of voting common shares registered in the name of their Intermediary, a Beneficial Holder may attend the Meeting as proxyholder for the Intermediary and vote the common shares in that capacity. **Beneficial Holders who wish to attend the Meeting and indirectly vote their common shares as a proxyholder, should enter their own names in the blank space on the form of proxy or voting instruction form provided to them by their Intermediary and/or Broadridge, as applicable, and return the same in accordance with the instructions provided by their Intermediary and/or Broadridge, as applicable, well in advance of the Meeting.**

In any case, the purpose of the above noted procedures is to permit Beneficial Holders to direct the voting of the common shares which they beneficially own. Beneficial Holders should carefully follow the instructions and procedures of their Intermediary or Broadridge, as applicable, including those regarding when and where the form of proxy or voting instruction form is to be delivered.

Pursuant to National Instrument 54-101 - *Communication with Beneficial Owners of Securities of a Reporting Issuer* ("NI 54-101"), the Corporation is distributing copies of proxy-related materials in connection with the Meeting directly to non-objecting beneficial owners of common shares and the Corporation intends to pay for delivery to objecting beneficial owners. The Corporation is not relying on the notice-and-access delivery procedures set out in NI 54-101 to distribute copies of proxy-related materials in connection with the Meeting.

INTEREST OF CERTAIN PERSONS IN MATTERS TO BE ACTED UPON

No person who has been a director or an executive officer of the Corporation at any time since the beginning of its last completed financial year, proposed nominee for election as a director of the Corporation or any associate of any such director, executive officer or proposed nominee, has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter to be acted upon at the Meeting (other than the election of directors), except as disclosed in this Circular.

VOTING SECURITIES AND PRINCIPAL HOLDERS OF VOTING SECURITIES

As at May 4, 2018, the Corporation had 35,320,701 issued and outstanding common shares (being the only outstanding class of voting securities of the Corporation). Each common share entitles the holder to one vote in respect of any matter that may come before the Meeting. Pursuant to the *Business Corporations Act* (Ontario) (the "**Act**"), the Corporation will prepare a list of Shareholders as of May 4, 2018, the record date fixed for determining Shareholders entitled to receive notice of and attend and vote at the Meeting. Each Shareholder named on the list is entitled to one vote for each common share shown opposite his, her or its name on the list, except to the extent that he, she or it has transferred ownership of any of his, her or its common shares after the record date and the transferee thereof produces properly endorsed share certificates for or otherwise establishes that he, she or it owns the shares and demands not later than ten days before the date of the Meeting that his, her or its name be included in the list, in which case such transferee is entitled to one vote for each of his, her or its common shares at the Meeting. Shareholders may examine the list during usual business hours at the offices of Computershare Investor Services Inc., the Corporation's transfer agent, at 100 University Ave., 8th Floor, Toronto, Ontario, M5J 2Y1, and at the Meeting.

To the knowledge of the directors and executive officers of the Corporation, as of the date hereof, no person or corporation beneficially owns, directly or indirectly, or exercises control or direction over, more than 10% of the issued and outstanding common shares of the Corporation, other than:

Majority Voting for Election of Directors

The Board has adopted a “majority voting” policy, pursuant to which if a nominee for election as director does not receive a greater number of votes “for” than votes “withheld” at a meeting of shareholders, such nominee shall offer his or her resignation as a director to the Board promptly following the meeting of shareholders at which the director was elected. Upon receiving such offer of resignation, the Nominating and Corporate Governance Committee will consider such offer and make a recommendation to the Board as to whether or not to accept it. Notwithstanding the foregoing, the Board shall accept the offer of resignation absent exceptional circumstances.

The Board will determine whether or not to accept the resignation within 90 days following the meeting of shareholders. Brick will announce the decision of the Board in a press release with respect to whether the Board has decided to accept such director’s resignation. If the Board determines not to accept the resignation, the press release will state the reasons for that decision.

The director who tendered such resignation will not be part of any deliberations of any Board committee (including the Nominating and Corporate Governance Committee if such director is a member thereof) or the Board pertaining to the resignation offer.

The “majority voting” policy only applies in circumstances involving an uncontested election of directors. For the purposes of the policy, an “uncontested election of directors” means that the number of nominees for election as a director is not more than the number of directors proposed to be elected to the Board.

Cease Trade Orders, Penalties and Sanctions and Bankruptcies

No proposed director of the Corporation is, or within 10 years before the date hereof, has been: (a) a director, chief executive officer or chief financial officer of any company (including the Corporation) that, (i) was subject to an order that was issued while the proposed director was acting in the capacity as director, chief executive officer or chief financial officer, or (ii) was subject to an order that was issued after the proposed director ceased to be a director, chief executive officer or chief financial officer and which resulted from an event that occurred while that person was acting in the capacity as director, chief executive officer or chief financial officer; or (b) a director or executive officer of any company (including the Corporation) that, while that person was acting in that capacity, or within a year of that person ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets. For the purposes of this paragraph, “order” means a cease trade order, an order similar to a cease trade order or an order that denied the relevant company access to any exemption under securities legislation, in each case that was in effect for a period of more than 30 consecutive days.

No proposed director of the Corporation has been subject to any: (a) penalties or sanctions imposed by a court relating to Canadian securities legislation or by a Canadian securities regulatory authority or has entered into a settlement agreement with a Canadian securities regulatory authority; or (b) other penalties or sanctions imposed by a court or regulatory body that would be likely to be considered important to a reasonable securityholder in deciding whether to vote for a proposed director.

No proposed director of the Corporation has, within the 10 years before the date hereof, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or become subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold the assets of the director.

Appointment and Remuneration of Auditors

At the Meeting, it is proposed that KPMG LLP, Chartered Accountants, Waterloo, Ontario, be re-appointed as auditors of the Corporation to hold office until the next annual meeting of shareholders at remuneration to be fixed by the Board. KPMG LLP was first appointed auditors of the Corporation in June 1995.

The Board recommends that Shareholders vote FOR the re-appointment of KPMG LLP as auditors of the Corporation and to authorize the Board to fix the remuneration of the auditors. Unless a Shareholder directs that his, her or its shares are to be withheld from voting in connection with the appointment of the auditors, the persons named in the enclosed form of proxy will vote FOR the appointment of KPMG LLP as auditors of the Corporation and to authorize the Board to fix the remuneration of the auditors. A majority of the votes cast by Shareholders at the Meeting is required to approve the appointment of the auditors and to authorize the directors to fix the remuneration of the auditors.

Renewal of Stock Option Plan

The Corporation has in place a stock option plan adopted in 1995 (as most recently renewed with shareholder approval in June 2015) (the “**Option Plan**”) for directors, officers and key employees of the Corporation. Under the rules of the Toronto Stock Exchange (the “**TSX**”), unallocated options under a stock option plan that does not provide for a fixed number of shares for issuance, such as the Option Plan, must be specifically approved every three years by shareholders. The aggregate number of common shares reserved for issuance upon the exercise of the options pursuant to the Option Plan is such number of common shares as is equal to 10% of the number of issued and outstanding common shares from time to time. The Option Plan was last approved by shareholders on June 10, 2015 and accordingly the Corporation is required to have shareholders re-approve the Option Plan at the Meeting. For a detailed description of the Option Plan see “Description of the Option Plan” and a copy of the Option Plan attached hereto as Exhibit “1”.

It having been three years since the 2015 annual and special meeting at which the Corporation’s shareholders approved the Option Plan, shareholders will be asked at the Meeting to renew the Option Plan for a further three years by approving by ordinary resolution all unallocated options under the Option Plan. The full text of the resolution approving unallocated options under the Option Plan is attached to this Information Circular as Schedule “A”.

The Board recommends that shareholders vote FOR the approval of the unallocated options under the Option Plan. Unless the Shareholder directs that his or her common shares are to be withheld from voting in connection with the approval of the unallocated options under the Option Plan, the persons named in the enclosed form of proxy intend to vote FOR the resolution approving the unallocated options under the Option Plan. A majority of the votes cast by the shareholders at the Meeting is required to approve the unallocated options under the Option Plan.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The Corporation’s compensation levels for its executive officers are administered by the Board based on recommendations made by the Compensation Committee. The Corporation’s executive officers consist of its President and Chief Executive Officer, Chief Financial Officer and Chief Operating Officer. The members of the Compensation Committee are named under the heading “Compensation Committee” below. With respect to compensation for executive officers of the Corporation other than the President and Chief Executive Officer, the Board reviews the recommendations of the Compensation Committee and discusses them with the President and Chief Executive Officer.

The objective of the compensation program is to attract and retain top level executive and director talent to lead the Corporation while maximizing shareholder value. The compensation program is designed to reward the achievement of both short and long term strategic and operational objectives.

The Corporation's process for determining executive compensation is accomplished by relying solely on recommendations provided to the Board of Directors by the Compensation Committee, with a discussion of those recommendations amongst the Board of Directors. The Compensation Committee's objective in setting compensation levels is that the aggregate compensation received by executive officers be generally competitive with the compensation received by persons with similar qualifications and responsibilities who are employed by other companies of corresponding size. The Compensation Committee reviews third party data to benchmark the executive's compensation against comparable companies within industries similar to Brick Brewing.

Managing Compensation Related Risk

The Compensation Committee has considered the implications of the risks associated with the Corporation's compensation policies and practices. At the present time, the Compensation Committee has not identified any risks associated with the Corporation's compensation policies and practices that are reasonably likely to have a material adverse effect on the Corporation. The Corporation currently uses several practices to discourage or mitigate excessive risk-taking including, among other things: (i) strong corporate governance oversight and culture; (ii) requiring that the Board approve the Corporation's strategic business plan and budgets, which are considered in the context of assessing performance and awarding incentives; (iii) using an appropriate mix of pay, including fixed and performance-based compensation with short and longer term performance conditions; and (iv) retaining discretion to adjust annual incentive payments to take into account unexpected events.

The Board, in consultation with the Compensation Committee, will continue to review the Corporation's approach to executive compensation and, if deemed appropriate in the Corporation's circumstances, will consider alternative or supplemental compensation arrangements to mitigate and discourage excessive risk-taking.

Financial Instruments

As of the date hereof, the Corporation does not have a formal policy that restricts the purchase by its Named Executive Officers (as hereinafter defined), directors or other employees of financial instruments (including prepaid variable forward contracts, equity swaps, collars or units of exchange funds) that are designed to hedge or offset a decrease in the market value of equity securities granted as compensation or held, directly or indirectly, by the Named Executive Officer, director or employee. To the knowledge of the Corporation, none of the Named Executive Officers or directors have purchased any such financial instruments. The Corporation will continue to review whether a formal policy in this regard is necessary or advisable as the Corporation continues to execute its business plan and gain further market visibility.

Elements of Executive Compensation

The Corporation's executive compensation program includes base salary and variable pay that includes short and longer-term components. This combination of base and variable pay for performance compensation aligns executive and Corporation interests both in the short-term and over the longer-term. These components are typical of executive compensation programs in public companies of similar size and complexity and align well with the "pay for performance" compensation philosophy.

a) Base Salary

Brick Brewing strives to provide base salaries that are generally competitive with the salaries received by persons with similar qualifications and responsibilities who are employed by other companies of corresponding size. Brick Brewing considers base salary to be a significant factor in attracting and retaining top level leadership personnel.

In fiscal 2018, the Board of Directors approved a salary of \$310,000 for the President and Chief Executive Officer, George Croft, a salary of \$230,000 for the then Chief Financial Officer, Sean Byrne and a salary of \$230,000 for the Chief Operating Officer, Russell Tabata.

Salary determinations for the executive officers are made by the Compensation Committee upon the recommendation of the President and Chief Executive Officer (other than his own salary). The President and Chief Executive Officer provides assistance and guidance to the Compensation Committee in determining appropriate salaries for the executives (other than his own salary). In making recommendations to the Compensation

Committee, the President and Chief Executive Officer relies on marketplace salary ranges, comparisons to similar companies, annual trends and other benefits. The Compensation Committee (and the Board of Directors) considers similar information in determining the appropriate salary for the President and Chief Executive Officer.

b) Cash Bonus Plan

The objective of the cash bonus plan is to further align the interests of the Corporation's employees with those of the Shareholders by encouraging maximization of earnings before interest, taxes, depreciation and amortization ("EBITDA"). Management and salaried staff are eligible to participate in the cash bonus plan. The total amount available for bonuses is directly related to the Corporation's EBITDA for each fiscal year. A bonus pool will be established in a fiscal year if the Corporation's EBITDA exceeds EBITDA earned in the prior fiscal year. The bonus pool for the year increases if a higher level of profitability is achieved. The Corporation believes that disclosing the EBITDA targets for a fiscal year would be seriously prejudicial to the Corporation's interests. Given their forward looking nature and that they were developed taking into account the Corporation's business strategies, plans and initiatives and its expectations regarding financial and operational performance, the targets are confidential and commercially sensitive information in a competitive industry. Disclosing such targets would also place a very significant forward looking expectation on the Corporation's business which may be wrongly perceived by Shareholders as an indication of the future growth of the Corporation.

Cash bonuses for executive officers are approved by the Board of Directors and paid from the bonus pool. Bonuses for management and salaried staff are at the discretion of the President and Chief Executive Officer and subject to achievement of the Corporation's earnings target.

c) Option-Based Awards

The Option Plan is administered by the Compensation Committee of the Board and is designed to give each option holder an interest in preserving and maximizing shareholder value in the long term, to enable the Corporation to attract and retain individuals with experience and ability and to reward individuals for current performance and expected future performance. The Compensation Committee has the sole discretion to determine the key employees to whom it recommends that grants of options be made and to determine the terms of the options forming part of such grant. The Compensation Committee prepares recommendations on the allocation of stock options and presents these recommendations to the Board for modification or approval. Any grant by and any determination made by the Compensation Committee requires confirmation by the Board of Directors. During the year ended January 31, 2018, the following options were granted to executives:

Option Holder	Date granted	# of options	Exercise Price Per Option	Expiry Date
George Croft President, Chief Executive Officer and Director	April 12, 2017	100,000	3.18	April 12, 2022
	September 12, 2017	30,000	3.59	September 12, 2022
Russell Tabata Chief Operating Officer	April 12, 2017	60,000	3.18	April 12, 2022
	September 12, 2017	30,000	3.59	September 12, 2022
Sean Byrne Chief Financial Officer	April 12, 2017	60,000	3.18	April 12, 2022
	September 12, 2017	30,000	3.59	September 12, 2022

During the year ended January 31, 2018, no unvested options were forfeited.

d) Other Compensation

The Corporation provides benefits and perquisites as part of the compensation package. Benefits are maintained at a level that is considered competitive with similar companies. Other compensation includes medical and dental insurance, RRSP contributions, car allowance and payment and/or reimbursement of automobile operating costs.

PERFORMANCE GRAPH

The following graph compares the yearly percentage change in the cumulative total return on the common shares of the Corporation with the cumulative total return of the S&P/TSX Composite Index. The graph indicates the relative values for each year as at January 31, with 2013 being indexed at 100.

The Corporation’s share performance over the last five years has been strong in comparison to the S&P/TSX Composite Index. Overall, the Corporation’s compensation for its executive officers follows the share performance graph trend. From and including fiscal 2013, the Corporation has reported stronger results on average and the share performance has improved consistently since fiscal 2015, and the Corporation’s shares performed better than the S&P/TSX Composite Index for three years of the five year period and for the overall period. Non-equity based incentives (cash bonuses) were earned in fiscal 2015 through 2018, based on the Corporation meeting the EBITDA targets discussed above, as applicable, in such years. Accordingly, executive compensation has been generally aligned to the trend in the above performance chart throughout the five year period.

Description of the Option Plan

Under the Option Plan for directors, officers and key employees, the Corporation may grant options to purchase common shares of the Corporation to such directors, officers and key employees of the Corporation as the Board deems advisable. The Option Plan provides that the maximum number of common shares of the Corporation issuable upon the exercise of options shall not exceed such number which represents 10% of the issued and outstanding common shares of the Corporation from time to time. As a result, should the Corporation issue additional common shares in the future, the number of common shares issuable under the Option Plan will increase accordingly. As of the date of this Circular and pursuant to the Option Plan, the maximum number of common shares issuable upon exercise of options is 3,532,070 and 2,003,405 options remain issuable under the Option Plan. The Option Plan is considered an "evergreen" plan, since the common shares covered by options which have been exercised shall be available for subsequent grants under the Option Plan and the number of options available to grant increases as the number of issued and outstanding common shares of the Corporation increases. The exercise price (which is payable in full upon exercise (or in accordance with the cashless exercise provision of the Option Plan)) shall be set by the Board in accordance with the applicable rules of the TSX at the date the option is granted and the term of any option shall not exceed 10 years. The Board also approves the vesting period or periods of options granted under the Option Plan. Under the rules of the TSX, unallocated option entitlements under a stock option plan that does not provide for a fixed number of shares for issuance, such as the Corporation's Option Plan, must be specifically approved every three years by Shareholders. Such approval was last obtained at the Corporation's annual and special meeting of Shareholders held on June 10, 2015. The Corporation does not provide financial assistance to participants under the Option Plan to facilitate payment of the exercise price of options.

As at May 4, 2018, options to acquire 1,528,665 common shares (which represent 4.3% of the currently issued and outstanding common shares of the Corporation) had been granted and were outstanding pursuant to the Option Plan and 3,235,416 common shares (representing 9.2% of the currently issued and outstanding common shares of the Corporation) have been issued upon exercise of options previously granted under the Option Plan. Options to acquire common shares of the Corporation were granted under the Option Plan during the financial year ended

January 31, 2018 to: (i) the Named Executive Officers on April 12, 2017 (220,000 options) and on September 12, 2017 (90,000 options); and (ii) to other key employees on April 12, 2017 (260,000 options), on September 12, 2017 (240,000 options) and at various other dates throughout the year (41,000 options).

The annual burn rate of options granted under the Option Plan in respect of: (i) fiscal 2018 was 2.4%; (ii) fiscal 2017 was 1.3%; and (iii) fiscal 2016 was 1.2%. "Annual burn rate" is the number of options granted under the Option Plan during the applicable fiscal year divided by the weighted average number of common shares of the Corporation outstanding for the applicable fiscal year, as required to be calculated and disclosed pursuant to Sections 613(p) and 613(d)(iii) of the TSX Company Manual.

The Option Plan also has the following terms, among others:

1. the number of common shares of the Corporation reserved for issuance to any one person shall not exceed 5% of the outstanding common shares of the Corporation (on a non-diluted basis);
2. the exercise price for each option is the "market price" on the date the option is granted. The "market price" is equal to the weighted average price at which the common shares of the Corporation have traded on the TSX on the five trading days immediately preceding the date on which the option is granted;
3. options are generally granted with a three year vesting period and expire five years from the grant date;
4. options terminate within a period of time following an optionholder ceasing to be a director, officer or employee of the Corporation or of a subsidiary of the Corporation. However, in the event of death, options will expire at the earlier of the end of the original option period or 6 months after the date of death;
5. the number of common shares issuable to insiders of the Corporation at any time pursuant to all of the Corporation's share compensation arrangements shall not exceed 10% of the outstanding common shares on a non-diluted basis and the number of common shares issued to insiders of the Corporation, within any one year period, pursuant to all of the Corporation's share compensation arrangements, shall not exceed 10% of the outstanding common shares on a non-diluted basis;
6. options are not transferable otherwise than by will or by the laws of descent and distribution, and options are exercisable, during the holder's lifetime, only by the holder; however, subject to regulatory approval, options may be transferred to a personal holding corporation in certain circumstances or to a registered retirement savings plan established for the sole benefit of the option holder;
7. if the date on which an option expires occurs during or within nine business days after the last day of a trading black-out period imposed pursuant to the Corporation's insider trading policy (as may be amended from time to time), then the expiry date of such option shall be the date (a "**Black-Out Option Expiry Date**") that is 10 business days following the date of expiry of the trading black-out period. If a new trading black-out is imposed prior to the Black-out Option Expiry Date, the Black-out Option Expiry Date shall be the date that is 10 business days following the expiry of the new trading black-out period;
8. a cashless exercise provision for the exercise of options under the Option Plan, which provides that an optionee may, rather than exercise options which he or she is entitled to exercise under the Option Plan, elect in lieu of receiving the common shares to which such optionee would have been entitled on exercise of such options ("**Designated Shares**"), to surrender such options in exchange for the number of common shares, disregarding fractions which, when multiplied by the fair value per common share (which shall be the weighted average trading price of the common shares on the TSX during the five (5) days preceding the date of determination) of the Designated Shares, is equal to the product of the number of Designated Shares times the difference between the fair value and the exercise price per share of the Designated Shares;
9. accelerated vesting of options under the Option Plan at the Board's discretion in the event of: (i) a Take-Over Bid or Issuer Bid (as such terms are defined in the Option Plan) (other than a "normal course" Issuer Bid) made for all or any of the issued and outstanding common shares; or (ii) a Change of Control (as defined in the Option Plan) of the Corporation; and

10. Schedules for the form of Option Agreement and Confirmation for options issued, as well as a form for optionees to use to exercise options (on a cash and cashless basis).

A copy of the Option Plan is attached hereto as Exhibit "1".

The Board of Directors may, with TSX approval, at any time amend, modify or terminate the Option Plan if and when it is advisable in the discretion of the Board of Directors, except that shareholder approval is required in respect of:

- (a) any amendments to the maximum number of common shares reserved for issuance under the Option Plan;
- (b) any amendment which reduces the exercise price of an option that is held by an insider of the Corporation;
- (c) any amendment extending the term of an option held by an insider of the Corporation beyond its original expiry date except as otherwise permitted by the Option Plan;
- (d) any amendment which increases the limit on grants of options to insiders of the Corporation under the Option Plan;
- (e) the inclusion in the Option Plan of amendment provisions granting additional powers to the Board of Directors to amend the Option Plan or option entitlements thereunder without shareholder approval; and
- (f) amendments required to be approved by shareholders under applicable law (including, without limitation, the rules, regulations and policies of the TSX).

Where shareholder approval is sought for amendments under subsections (b) (c) or (d) above, the votes attached to common shares held directly or indirectly by insiders of the Corporation benefiting from the amendment must be excluded.

Other than as specified above, the Board of Directors may approve all other amendments to the Option Plan or options granted under the Option Plan. Without limiting the generality of the foregoing, the following types of amendments would not require shareholder approval:

- (a) amendments of a "housekeeping" or ministerial nature including, any amendment for the purpose of curing any ambiguity, error or omission in the Option Plan or to correct or supplement any provision of the Option Plan that is inconsistent with any other provision of the Option Plan;
- (b) amendments necessary to comply with the provisions of applicable law (including, without limitation, the rules, regulations and policies of the TSX);
- (c) the addition or modification of a cashless exercise feature, payable in securities or cash of the Corporation, which provides for a full deduction of the number of underlying common shares from the Option Plan reserve;
- (d) amendments respecting administration of the Option Plan;
- (e) any amendment to the vesting provisions of the Option Plan or any option;
- (f) any amendment to the early termination provisions of the Option Plan or any option, whether or not such option is held by an insider of the Corporation, provided such amendment does not entail an extension beyond the original expiry date;
- (g) amendments necessary to suspend or terminate the Option Plan; and

- (h) any other amendment, whether fundamental or otherwise, not requiring shareholder approval under applicable law (including, without limitation, the rules, regulations and policies of the TSX).

Employee Stock Purchase Plan

The Corporation has in place an Employee Stock Purchase Plan, a payroll-deduction plan, adopted in 1996 (as amended in June 2012) (the "ESPP"), as an incentive to employees of the Corporation to purchase common shares of the Corporation. The Corporation does not provide financial assistance or match the whole or part of the securities being purchased under the ESPP.

As at May 4, 2018, 537,443 common shares (which represent approximately 1.5% of the currently issued and outstanding common shares of the Corporation) have been issued to date under the ESPP and 77,557 common shares (which represent approximately 0.2% of the currently issued and outstanding common shares of the Corporation) were available for issuance under the ESPP. 4. the purchase price for common shares issued under the ESPP shall not be lower than the relevant "market value" less a discount as determined by the Board but not exceeding 10% of the "market value", where "market value" means the weighted average price per common share of the Corporation on the TSX on the five trading days prior to January 15 in the year in which the employee purchases the common shares;

5. the number of common shares issuable to insiders of the Corporation at any time pursuant to all of the Corporation's share compensation arrangements shall not exceed 10% of the outstanding common shares on a non-diluted basis; the number of common shares issued to insiders of the Corporation, within any one year period, pursuant to all of the Corporation's share compensation arrangements, shall not exceed 10% of the outstanding common shares on a non-diluted basis; and the number of common shares of the Corporation reserved for issuance under the ESPP for any one person shall not exceed 5% of the outstanding common shares of the Corporation (on a non-diluted basis);

The Board of Directors may, with TSX approval, at any time amend, modify or terminate the ESPP if and when it is advisable in the discretion of the Board of Directors, except that shareholder approval is required in respect of:

- (a) any amendments to the maximum number of shares reserved for issuance under the ESPP;

Other than as specified above, the Board of Directors may approve all other amendments to the ESPP or shares issued under the ESPP. Without limiting the generality of the foregoing, the following types of amendments would not require shareholder approval:

The following is a description of the Corporation's corporate governance practices in view of current Canadian securities regulations and the aforementioned Canadian Securities Administrators' initiatives.

Director Independence

A director is considered independent only where the Board of Directors determines that the director has no direct or indirect material relationship with the Corporation or its subsidiaries. A “material relationship” is defined in National Instrument 52-110 - *Audit Committees* (“**NI 52-110**”) to mean any relationship, which could, in the view of the Board, be reasonably expected to interfere with the exercise of a director’s independent judgement.

On an annual basis, the Board of Directors reviews each relationship that a director has with the Corporation in order to determine whether the director is or remains independent.

The following table sets out the directors of the Corporation and identifies those directors who are independent, those directors who are not independent, and the relationship of the non-independent directors to the Corporation. A majority of the Board are and will be independent once all persons proposed for election as directors at the Meeting are approved by Shareholders. The Chairman of the Board, Peter J. Schwartz, is also independent.

Table of Directors’ Relationships to the Corporation

Name of Director	Independent (Yes/No)	Relationship to Corporation
Edward H. Kernaghan	Yes	
David R. Shaw	Yes	
Stan G. Dunford	No	See footnote (1) below
Peter J. Schwartz	Yes	
John Bowey	Yes	
George Croft	No ⁽¹⁾	See footnote (2) below

Notes:

- (1) Mr. Dunford is not independent as a result of him being the Chairman, Chief Executive Officer and the principal shareholder of one of the Corporation’s vendors, Republic Live Inc. (“Republic Live”), a live entertainment company which produces the Boots and Hearts Music Festival. The Company entered into a contract with Republic Live for the 2017 multi-day festival and paid a sponsorship fee to it of approximately \$100,000 during fiscal 2018.
- (2) Mr. Croft is not independent as he is the President and Chief Executive Officer of the Corporation and has been since May 2008.

The Board takes the following steps to ensure directors exercise independent judgement. Each director must disclose all actual or potential conflicts of interest and refrain from voting on matters in which such director has a conflict of interest. In addition, the director must excuse himself or herself from any discussions or decisions on any matters in which the director is precluded from voting as a result of a conflict of interest.

Directorships with Other Reporting Issuers

The following directors of the Corporation currently serve on the board of directors of reporting issuers (or the equivalent in a jurisdiction outside of Canada) other than the Corporation as listed below:

Name	Name of Reporting Issuer	Exchange
Edward H. Kernaghan	Boralex Inc.	TSX
	Exco Technologies Limited	TSX
	PFB Corporation ⁽¹⁾	TSX
	Obsidian Energy Ltd.	TSX, NYSE
	Black Diamond Group Limited	TSX

Notes:

- (1) Mr. Kernaghan is not seeking re-election as a director of PFB Corporation after May 2018.

Board Meetings and Attendance

Meetings of the non-management directors at which members of management (including the President and Chief Executive Officer) are not in attendance are generally held immediately after regularly scheduled Board meetings. In addition, the Corporation's Board committees operate under approved charters and chair mandates, and can and do meet and operate independently of non-independent directors and management in fulfilling their mandates and making recommendations to the Board.

The following is a summary of the meetings of the Board and the meetings of the Audit and Compensation Committees of the Board held during fiscal 2018 and the attendance at these meetings by the directors:

Name of Director	Board Meetings Attended	Audit Committee Meetings Attended	Compensation Committee Meetings Attended
Edward H. Kernaghan	5 of 5	4 of 4	2 of 2
Stan G. Dunford	4 of 5	N/A	N/A
Peter J. Schwartz	5 of 5	N/A	2 of 2
David R. Shaw	5 of 5	4 of 4	2 of 2
John Bowey	4 of 5	3 of 4	N/A

The current Chairman of the Board is Peter Schwartz who was independent throughout fiscal 2018. Mr. Schwartz's role and responsibilities as Chairman of the Board include: (i) approving information submitted by management to the Board; (ii) approving the agenda for Board meetings; (iii) leading meetings of the non-management directors and Board of Directors; and (iv) serving as liaison between the non-management directors and the President and Chief Executive Officer.

The Nominating and Corporate Governance Committee, which currently consists of David R. Shaw, John Bowey and Edward H. Kernaghan, meets as required to fulfil its responsibilities.

Mandate and Composition of the Board of Directors

The Board is responsible for the stewardship of the Corporation and supervising the management of the business and affairs of the Corporation. The Board acts in accordance with the Act, the Corporation's articles and by-laws, the Corporation's Code of Business Conduct, the Board's mandate and all other applicable laws and regulations, including those of the Ontario Securities Commission and the TSX.

The responsibilities of the Board are:

1. Adopting a mission statement, vision for the future and strategic planning process for the Corporation and approving, on an annual basis, a strategic plan for the Corporation, which takes into account, among other things, the opportunities and risks of the Corporation's business.

The Board believes that management is responsible for the development of the Corporation's strategic plan, while the Board is responsible for reviewing, questioning, validating and ultimately approving the strategies proposed by management and monitoring their implementation. A portion of each regularly-scheduled Board meeting shall be devoted to the review and discussion of the Corporation's strategic initiatives and their implementation. The Board shall also hold separate strategic planning sessions with management from time to time.

2. Selecting and appointing the President and Chief Executive Officer, overseeing the evaluation, performance and compensation of the President and Chief Executive Officer and other senior officers, providing advice and counsel to management and adopting and monitoring a senior management succession planning process.
3. Evaluating to the extent feasible the integrity of the Corporation's senior management and their creation of a culture of integrity within the Corporation.
4. Adopting policies and guidelines regarding the corporate governance of the Corporation, in compliance with applicable laws and regulations.

Consistent with this responsibility, the Board has approved the Corporation's Code of Business Conduct, which is designed to deter wrongdoing and is applicable to directors, officers and employees. The Board has also approved the Corporation's Corporate Disclosure Policy, which outlines the principles, policies and procedures governing the Corporation's disclosure of material information. The Board has also adopted a "majority voting" policy for the election of directors as described elsewhere herein.

5. Fixing the compensation of the directors, implementing processes for maintaining a board of appropriate size, with suitable expertise and experience, establishing Board committees and mandates for such committees and annually evaluating the overall effectiveness of the Board, its members and committees.

The Board is responsible for approving position descriptions for each of the directors, the President and Chief Executive Officer and the chairs of each Board committee, all of which are consistent with their roles and responsibilities as described above.

6. Reviewing and approving, through the Audit Committee, the Corporation's operating and financial plans and budgets, including the identification by management of the principal risks of the Corporation's business and the implementation by management of appropriate systems to manage such risks.
7. Verifying, through the Audit Committee, the integrity of the Corporation's internal control and management information systems.
8. (a) Reviewing and on any applicable advice of the Audit Committee, approving, prior to their public dissemination:
 - (i) interim and annual financial statements and notes thereto;
 - (ii) management's discussion and analysis of financial condition and results of operations;
 - (iii) relevant sections of the annual report, annual information form and management information circular containing financial information;

- (iv) forecasted financial information and forward-looking statements; and
 - (v) all press releases and other documents in which financial statements, earning forecasts, results of operations or other financial information is disclosed;
- (b) Approving dividends and distributions, material financings and capital expenditures, changes to authorized capital, the issue, repurchase or redemption of shares or debt securities, and all material divestitures and acquisitions; and
 - (c) Considering, providing input and approving, as appropriate, other matters of strategic importance to the Corporation or other matters which significantly impact its operations which are brought to the Board's attention. At each regularly-scheduled meeting, the directors shall receive and discuss reports on the operation of the Corporation, reports on the overall financial and legal position of the Corporation and its subsidiaries, and, as applicable, issues of current relevance in the beer industry or in respect of the Corporation.
9. Approving a policy for the Corporation's communications with shareholders, other stakeholders and the general public and establishing measures to receive feedback from the Corporation's investors.
10. Providing orientation materials to new directors and providing such continuing education to directors on an ongoing basis as may be necessary.

All directors of the Corporation are expected to review Board and committee meeting agendas and related materials in advance of all meetings and receive and review reports of all Board and committee meetings. Directors are also expected to attend and participate in, as much as possible, all Board and committee meetings.

The Board shall have access to all books, records, facilities and personnel of the Corporation necessary for the discharge of its duties and shall be entitled to retain, at the Corporation's expense, such advisors as it requires.

The Board shall meet regularly without the directors who are members of management and without any director who is not considered an independent director.

The Board shall be comprised of a majority of independent directors.

Committees of the Board

The Corporation currently has an Audit Committee, a Compensation Committee and a Nominating and Corporate Governance Committee. Set out below is a description of each committee, its mandate and its activities. Each committee reviews its mandate annually and changes to committee mandates are approved by the Board.

The committees of the Board invite the participation of the President and Chief Executive Officer and other members of management at their meetings, as appropriate, to provide information and expertise and to support communication between the Board and management. During a part of each meeting, as required, every committee also holds an "in camera" session attended by only the appointed members of the committee.

Audit Committee

The Audit Committee is currently composed of three directors, Mr. Bowey (Chair), Mr. Kernaghan and Mr. Shaw, all of whom are financially literate and independent within the meaning of NI 52-110. The Audit Committee Charter requires the committee to consist of at least three members from the Board of Directors, each of whom shall be independent.

The Audit Committee reviews accounting and financial reporting procedures and methods. It also reports and makes recommendations to the Board on financial statements and the related reports of management and external

auditors, including the appointment and terms of their engagement and their reports relating to accounting and financial matters.

Under the Board guidelines, the members of the Audit Committee, the Chief Financial Officer and the external auditors have unrestricted direct access to, and communication with, each other to assist them in carrying out their respective duties.

Further information concerning the Audit Committee, including the complete text of the Audit Committee Charter, its members and pre-approval policies and the external auditor service fees paid by the Corporation, is set out in the Corporation's Annual Information Form for the financial year ended January 31, 2018 under the heading "Audit Committee Information".

Compensation Committee

The Compensation Committee is currently composed of Mr. Kernaghan (Chair), Mr. Schwartz and Mr. Shaw all of whom are independent directors. The Board believes that all members of the Compensation Committee have the relevant experience allowing them to fully assume the responsibilities related to compensation of executive officers and the skills and experience required to make responsible decisions regarding policies and practices of the Corporation. In particular, Mr. Kernaghan sits on the Human Resources Committee for another public company. Mr. Schwartz, during his career, has held various executive positions in corporations or organizations that led him to develop and implement policies and practices with respect to compensation. Mr. Shaw is Non-Executive Chairman and Chairman of LHH Knightsbridge and Axsium Group, respectively, which requires him to oversee compensation practices. Moreover, Committee members all have financial skills. Mr. Kernaghan and Shaw are also members of the Audit Committee of the Corporation.

The mandate of the Compensation Committee is to provide oversight of the Corporation's general human resources policies and practices. The Committee reviews the organization structure and appointments and ensures succession planning for senior management. The Committee also approves the total compensation design for senior management, directors and also provides the annual evaluation of the performance of the Chief Executive Officer. More specifically, the mandate of the Committee is to:

- Review and report to the Board on the Corporation's long-range plans for recruiting, developing, rewarding and retaining key personnel and for the succession of senior management (the President and Chief Executive Officer, Chief Financial Officer, Chief Operating Officer and their direct reports);
- Recommend to the Board senior level appointments and terminations;
- Review the performance of senior officers of the Corporation;
- Review annually the compensation of directors;
- Recommend compensation policies for the Corporation and specific compensation for senior officers and consider the implications of the risks associated with the Corporation's compensation policies and practices;
- Oversee the design and administration of the Corporation's Employee Stock Purchase Plan and the Option Plan; and
- Review and recommend to the Board the granting of stock options under the Option Plan.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee is currently composed of Mr. Shaw (Chair), Mr. Bowey and Mr. Kernaghan, all of whom are independent directors. The process by which the Board identifies new candidates is through recommendations of the Nominating and Corporate Governance Committee whose responsibility it is to

establish qualifications and procedures to identify new candidates based on corporate law and regulatory requirements as well as relevant education and experience related to the business of the Corporation.

The mandate of the Nominating and Corporate Governance Committee is:

- to be responsible for the recommendation of new nominees to the Board and in so doing it identifies, reviews the qualifications of, and interviews potential candidates for election to the Board based on the requirements of the Nominating and Corporate Governance Committee and the Board;
- monitor the Corporation's system of corporate governance, having regard to legal and regulatory requirements as well as current best practices, to report recommended actions to be taken by the Board, and more specifically to:
 - review as required the composition of the Board and its committees having regard to size, independence from management and the relevant experience and backgrounds of the members;
 - review as required the performance of the Board, individual directors and the Chairman;
 - review as required the mandates and performance of all Board committees having regard to their mandates;
 - review as required the corporate relationships of each director with a view to assessing their independence from management and the existence of any possible conflicts of interest;
 - recommend as required a slate of directors for election at the annual meeting of shareholders and in connection with that seek suggestions for new nominees and review such suggestions;
 - monitor compliance by the directors with the Corporation's Code of Business Conduct and investigate any infractions thereof; and
 - review the report on corporate governance to be included in the management information circular prepared for the annual meeting of shareholders.

Ethical Business Conduct

The Board has adopted a written Code of Business Conduct (the "**Code**") to encourage and promote high standards of ethical business conduct. The Code is applicable to all directors, officers and employees of the Corporation. The Code is reviewed by all directors, officers and employees of the Corporation. A copy of the Code is available under the Corporation's SEDAR profile at www.sedar.com as filed on December 6, 2006.

Under the Code, directors, officers and employees are expected to report situations of non-compliance with respect to the Code to their supervisor and ultimately the President and Chief Executive Officer. The Board monitors compliance with the Code by requiring management to advise it of any reports received regarding violations of the Code.

The Board ensures directors exercise independent judgment in considering transactions and agreements in respect of which a director or executive officer has a material interest by asking such Board member to abstain from discussions and approvals relating to such transaction.

Representation of Women on the Board and in Executive Offices

The Corporation has not adopted a written policy specifically relating to the identification and nomination of women directors nor does the Board formally consider the level of representation of women when making executive officer

appointments or set targets regarding women on the Board or in executive officer positions. However, informally, in identifying and selecting director or executive officer nominees, the Corporation values diversity, including, without limitation, diversity of experience, perspective, education, race, gender and national origin, as one among the many factors taken into consideration during the search process. The Corporation also considers, among other things, the qualifications, personal qualities, business background and relevant experience of individual candidates as well as the overall composition of the Board or executive office with a view to identifying and selecting the best and most complementary candidates. The Nominating and Corporate Governance Committee and the Board intend to consider whether the Corporation should adopt specific policies and practices regarding the representation of women on the Board and in executive office positions, including the setting of targets for such representation.

As at the date hereof, no women are members of the Board and no women hold executive officer positions.

Orientation and Education

The Corporation provides new directors with access to the President and Chief Executive Officer and all other senior management to provide each director with an understanding of the Corporation and its business. The Chairman reviews with new directors the role of the Board, its committees and its directors and the expectations of each member including the rules and regulations with regard to the trading of the securities of the Corporation. Updates on the Corporation's business and activities are provided to directors on a regular basis to ensure that directors have the necessary knowledge about the Corporation's business to meet their obligations as directors. All directors are also encouraged to visit the Corporation's facilities with a view to enabling them to better understand the Corporation's business.

Position Descriptions

The Board has developed written position descriptions for the Chairman and the Chair of each Board committee. The Board has also developed a written position description for the President and Chief Executive Officer.

Assessments

The Board currently takes responsibility for assessing the performance and effectiveness of the Board as a whole, the committees of the Board and the contribution of individual directors. The Board does not make regular formal assessments of the Board, the committees or the individual directors but satisfies itself on an informal basis, from time to time, that the Board, its committees and the individual directors are performing effectively.

Director Term Limits

The Corporation has not adopted term limits for directors on the Board or other mechanisms of board renewal as the Board is of the view that it is in the Corporation's best interests to retain experienced board members who are familiar with the Corporation's business and can provide continuity to its management. Instead, the Board currently assesses the performance of directors based on their ability to continue to make a meaningful contribution.

Shareholder Relations

The Board, the Chairman, the President and Chief Executive Officer and the Chief Financial Officer are responsible for various facets of investor relations, corporate communications and public relations. Together they deal with investor concerns and ensure that investor inquiries receive a timely and appropriate response. Shareholders are provided with a full opportunity at the Corporation's annual meeting to question senior management directly with respect to the Corporation's strategies and activities.

Governance Compliance

The Corporation and the Board believe that up to the present time the corporate governance procedures implemented by the Corporation have been appropriate for its operations. The Corporation will continue to reassess its corporate governance procedures on an ongoing basis and as amendments are made to applicable securities regulations.

INTEREST OF INFORMED PERSONS IN MATERIAL TRANSACTIONS

Other than as set forth elsewhere herein, no “informed person” (as such term is defined under applicable securities laws) of the Corporation or proposed nominee for election as a director of the Corporation, or any associate or affiliate of any informed person or proposed nominee, has or had a material interest, direct or indirect, in any transaction since the beginning of the Corporation’s most recently completed financial year or in any proposed transaction which has materially affected or would materially affect the Corporation or its subsidiaries.

OTHER MATTERS WHICH MAY COME BEFORE THE MEETING

Management of the Corporation knows of no matters to come before the Meeting other than as set forth in the accompanying Notice of Meeting. However, if other matters which are not known to management should properly come before the Meeting, the accompanying proxy will be voted on such matters in accordance with the best judgment of the persons voting the proxy.

SCHEDULE "A"

Stock Option Plan

WHEREAS, under the rules of the Toronto Stock Exchange, unallocated option entitlements under a stock option plan which does not specify a fixed number of shares for issuance, such as the stock option plan (the "**Option Plan**") of Brick Brewing Co. Limited (the "**Corporation**"), must be specifically approved every three years by the Corporation's shareholders;

AND WHEREAS it has been three years since shareholders approved at the 2015 annual and special meeting of shareholders of the Corporation all unallocated options permitted under the Option Plan, up to a maximum equal to ten per cent (10%) of the number of common shares of the Corporation outstanding from time to time;

BE IT RESOLVED AS AN ORDINARY RESOLUTION THAT:

1. all unallocated options permitted under the Option Plan, up to a maximum equal to ten per cent (10%) of the number of common shares of the Corporation outstanding from time to time, be and are hereby approved and confirmed;
2. the Corporation shall have the ability to continue granting options under the Option Plan until June 6, 2021 which is the date that is three years from the date of the shareholder meeting at which shareholder approval is being sought; and
3. any director or officer of the Corporation be, and such director or officer of the Corporation hereby is, authorized, instructed and empowered, acting for, in the name of and on behalf of the Corporation, to do or to cause to be done all such other acts and things in the opinion of such director or officer of the Corporation as may be necessary or desirable in order to fulfill the intent of this resolution.

EXHIBIT "1"

BRICK BREWING CO. LIMITED

STOCK OPTION PLAN

11. **PURPOSE:** The purpose of this Stock Option Plan (the "Plan") is to authorize the grant to directors, officers and key employees of Brick Brewing Co. Limited (the "Corporation") or any present or future subsidiary thereof as defined in Paragraph 4 hereof, of options (the "Options") to purchase common shares (the "Common Shares") in the Corporation's capital and thus benefit the Corporation by enabling it to attract, retain and motivate directors, officers and key employees by providing them with the opportunity, through share options, to acquire an increased proprietary interest in the Corporation.
12. **ADMINISTRATION:** The Plan shall be administered by the Corporation's Compensation Committee (the "Committee"), to be appointed from time to time by the Corporation's Board of Directors and to consist of not less than three of the then members of the Board. A member of the Committee shall be eligible, during his membership on the Committee, to participate in the Plan. Subject to approval of the granting of Options by the Board of Directors, the Corporation shall grant Options under the Plan in accordance with determinations made by the Committee pursuant to the provisions of the Plan by execution of instruments in writing in form approved by the Committee. Subject to the provisions of the Plan, the Committee with the Board of Directors' approval shall have the power to determine the time or times when, and the manner in which, each Option shall be exercisable and the duration of the exercise period. The Committee shall hold its meetings at such times and places as it shall deem advisable. A majority of its members shall constitute a quorum, and all determinations of the Committee shall be made by a majority of its members. Any decision or determination reduced to writing and signed by a majority of the members shall be fully as effective as if made by a majority vote at a meeting duly called and held. The Committee may make such rules and regulations for the conduct of its business and for the carrying out of the Plan as it shall deem appropriate. The interpretation and construction by the Committee of any provisions of the Plan and of the Options granted thereunder shall, unless otherwise determined by the Board of Directors, be final and conclusive on all persons having any interest thereunder.
13. **SHARES SUBJECT TO PLAN:** Subject to adjustment under the provisions of Paragraph 13 hereof, the maximum number of Common Shares of the Corporation which may be issuable under the Plan shall not exceed such number which represents 10% of the issued and outstanding Common Shares from time to time or such greater number of Common Shares as may be determined from time to time by the Board of Directors and approved by any relevant stock exchange or other regulatory authority and, if required, by the shareholders of the Corporation. As a result, should the Corporation issue additional Common Shares in the future, the number of Common Shares issuable under the Plan will increase accordingly. The Plan is considered an "evergreen" plan, since the Common Shares covered by Options which have been exercised shall be available for subsequent grants under the Option Plan and the number of Options available to grant increases as the number of issued and outstanding Common Shares of the Corporation increases. The Corporation shall not, upon the exercise of any Option, be required to issue or deliver any shares prior to:
- (a) The admission of such Common Shares to listing on any stock exchange on which the Corporation's Common Shares may then be listed, and
 - (b) The completion of such registration or other qualification of such Common Shares under any law, rule or regulation as the Corporation shall determine to be necessary or advisable.

No fractional Common Shares may be purchased or issued hereunder.

14. **ELIGIBILITY:** Options shall be granted only to directors, officers and such employees who, in the judgment of the Committee, are determined to be key employees and who, at the time of the grant, are employees of the Corporation or any subsidiary (collectively, "Optionees"). The term "subsidiary" as used in the Plan

shall mean any body corporate in which the Corporation owns, directly or indirectly, stock possessing 50% or more of the total combined voting power of all classes of stock. All Options granted hereunder shall be evidenced by an "Option Agreement" between the Corporation and the Optionee substantially in the form of Schedule 1.

Notwithstanding the foregoing, but subject to applicable securities laws, Options may also be granted to (each a "Permitted Assign") (a) a personal holding corporation (an "Optionee Corporation") of a director or senior officer (as defined in the *Securities Act (Ontario)*) provided that such personal holding corporation is controlled by the Optionee and that all issued shares in the capital stock of the Optionee Corporation are beneficially owned, directly or indirectly, by the Optionee and/or the Optionee's spouse, children and/or grandchildren; or (b) a registered retirement savings plan (an "Optionee RRSP") established for the sole benefit of the Optionee. If the Optionee Corporation ceases to be controlled by the Optionee, any Option previously granted to the Optionee Corporation shall immediately become null and void. Such election must be made prior to the execution of the Option Agreement described above.

Upon the grant of each option, an "Option Confirmation", substantially in the form of Schedule 2, shall be delivered by the Corporation to the Optionee and form part of the Option Agreement. If applicable, the Option Confirmation shall indicate the number of Options, if any, that the Optionee has elected to have granted directly to Permitted Assigns of the Optionee.

The number of Common Shares issuable to insiders of the Corporation at any time pursuant to all of the Corporation's share compensation arrangements (including this Plan, any stock purchase plans and any other stock option plans) shall not exceed 10% of the outstanding Common Shares (on a non-diluted basis); the number of Common Shares issued to insiders of the Corporation, within any one year period, pursuant to all of the Corporation's share compensation arrangements shall not exceed 10% of the outstanding Common Shares (on a non-diluted basis); and the number of Common Shares reserved for issuance under the Plan for any one person shall not exceed 5% of the outstanding Common Shares (on a non-diluted basis).

15. **EXERCISE PRICE:** The purchase price for Common Shares of the Corporation under each Option (the "Exercise Price") shall be the Market Price on the date the Committee determines to grant an Option. Market Price per Common Share at any date shall be equal to the weighted average price at which the Common Shares of the Corporation have traded on The Toronto Stock Exchange on the five trading days immediately preceding the date on which the Option is approved by the Committee on which at least one board lot of Common Shares was traded.
16. **PERIOD OF OPTION AND RIGHTS TO EXERCISE:**
- (a) Subject to the provisions of this Paragraph 6 and Paragraphs 8, 9 and 10 below, Options will be exercisable in whole or in part, and from time to time, during the currency thereof, which shall not exceed ten years from the date the Committee determines to grant the Options. The Committee may specify in the Option Agreement or resolution authorizing Options that any Options shall not be exercisable until such vesting period or periods as may be specified by the Committee and approved by the Board of Directors shall have elapsed. The Common Shares to be purchased upon each exercise of any Option shall be paid for in full, in cash, at the time of such exercise.
 - (b) Except as provided in Paragraphs 8, 9 and 10 below, no Option may be exercised unless the Optionee is then a director, officer or in the employ of the Corporation or any subsidiary and, in the case of an employee, shall have been continuously employed by one or more of the Corporation and its subsidiaries since the grant of his Option. Absence on leave approved by an officer of the Corporation or of any subsidiary authorized to give such approval shall not be considered an interruption of employment for the purpose of the Plan.
 - (c) An Option may be exercised from time to time by delivery to the Secretary of the Corporation at its registered office of a written "Notice of Election to Exercise Option" addressed to the Secretary of the Corporation, substantially in the form of Schedule 3, signed by the Optionee or his legal

representative and addressed to the Corporation at its registered office, stating the intention of the Optionee or his legal representative to exercise the said Option and specifying the number of Common Shares in respect of which the Option is then being exercised and accompanied by payment in full of the Exercise Price of the Common Shares in respect of which the said Option is then being exercised.

- (d) Cashless Exercise. An Optionee may, rather than exercise Options which he or she is entitled to exercise under this section, elect in lieu of receiving the Common Shares to which such Optionee would have been entitled on exercise of such Options (“Designated Shares”), to surrender such Options in exchange for the number of Common Shares, disregarding fractions which, when multiplied by the fair value per Common Share (which shall be the weighted average trading price of the Common Shares on the stock exchange on which the Common Shares are listed, if any, during the five (5) days preceding the date of determination) of the Designated Shares, is equal to the product of the number of Designated Shares times the difference between the fair value and the exercise price per share of the Designated Shares. An Optionee electing to surrender an Option in such manner shall deliver to the Corporation at its registered office a written “Election – Cashless Exercise of Share Option” addressed to the Secretary of the Corporation, substantially in the form of Schedule 4. Notwithstanding the actual number of Common Shares issued and registered in the name of the Optionee, the Optionee shall be considered to have surrendered his or her right to purchase that number of Common Shares in respect of which the Optionee elected to surrender his or her Option.
- (e) If there is a Take-over Bid (defined below) or Issuer Bid (defined below) (other than a “normal course” Issuer Bid) made for all or any of the issued and outstanding Common Shares, then the Board of Directors may, by resolution, permit all options outstanding, vested and unvested, under the Plan to become immediately exercisable (subject to any limitations the Board of Directors may impose) in order to permit Common Shares issuable under such options to be tendered to such bid. For the purposes of this provision, the following terms shall have the meanings ascribed to each:
- (i) “**Issuer Bid**” shall have the meaning ascribed thereto in the Securities Act;
 - (ii) “**Securities Act**” means the *Securities Act* (Ontario), or its successor, as amended from time to time; and
 - (iii) “**Take-over Bid**” shall have the meaning ascribed thereto in the Securities Act.
- (f) In the event of a Change of Control (as defined below), then the Board of Directors may, by resolution, permit all options outstanding, vested and unvested, under the Plan to become immediately exercisable (subject to any limitations the Board of Directors may impose). For the purposes of this provision, a “**Change of Control**” will be deemed to have occurred when:
- (i) a person (which includes a partnership or corporation) acting alone or jointly or in concert with others, acquires beneficial ownership of voting securities of the Corporation which together with voting securities of the Corporation already owned by such person or persons, constitutes in the aggregate 50% or more of the outstanding voting securities of the Corporation. A person who is principally engaged in the business of managing investment funds for unaffiliated securities investors and, as part of such person’s duties for fully managed accounts, holds or exercises voting power over voting securities of the Corporation, will not, solely by reason thereof, be considered to be a beneficial owner of such voting securities;
 - (ii) the Corporation agrees to amalgamate, consolidate or merge with another body corporate;

- (iii) any resolution is passed or any action or proceeding is taken with respect to the liquidation, dissolution or winding up of the Corporation; or
 - (iv) the Corporation decides to sell, lease, or otherwise dispose of all, or substantially all, of its assets.
 - (g) Tax and Other Statutory Obligations. To the extent the exercise of an Option hereunder gives rise to any tax or other statutory withholding obligation (including, without limitation, income and payroll withholding taxes imposed by any jurisdiction), the Board or the Compensation Committee may implement appropriate procedures to ensure that the tax withholding obligations are met. These procedures may include, without limitation, increased withholding from an Optionee's regular compensation, cash payments by an Optionee, or the sale of a portion of the Optioned Shares acquired pursuant to the exercise of an Option, which sale may be required and initiated by the Board or the Compensation Committee. Unless otherwise determined by the Board or the Compensation Committee, any such procedure, including offering choices among procedures, will be applied consistently with respect to all similarly situated Optionees, except to the extent any procedure may not be permitted under the laws of the applicable jurisdiction.
17. **NON-TRANSFERABILITY OF OPTION:** No Option granted under the Plan shall be transferable by an Optionee otherwise than by will or by the laws of descent and distribution, and such Option shall be exercisable, during the Optionee's lifetime, only by the Optionee. Notwithstanding the foregoing, subject to regulatory approval, an Optionee may transfer an Option to an Optionee Corporation or an Optionee RRSP.
18. **DEATH OF OPTIONEE:** In the event of the death of an Optionee, his legal personal representatives may, within six months after the date of such death, exercise the Option of such Optionee or that portion thereof in respect of which the Optionee had not previously exercised his Option and in respect of which he was entitled to exercise his Option at the date of his death. At the end of such six month period, the Option granted shall forthwith cease and terminate and be of no further force or effect whatsoever. In no event shall a legal personal representative be permitted to exercise such an Option following the period of time referred to in Paragraph 6 hereof.
19. **TERMINATION OF EMPLOYMENT:** If the Optionee is an employee of the Corporation or a subsidiary and his employment with the Corporation or any of its subsidiaries is terminated for just cause before the expiry date of such Optionee's Option, the Option granted to such Optionee shall thereupon cease and terminate and be of no further force or effect whatsoever. If before the expiry date of the Optionee's Option, the Optionee's employment with the Corporation or any of its subsidiaries is terminated without just cause or if before the expiry date of such Option the Optionee resigns from the Corporation or any of its subsidiaries, then the Optionee may, within 30 days after the date of such termination or resignation, exercise the Option as if he had continued to be an employee of the Corporation.
20. **TERMINATION OF DIRECTOR:** If the Optionee is a director and he resigns or his appointment as a director is terminated for any reason (except as otherwise provided in Paragraph 8) he may, but only within the period of 30 days following such termination or resignation and in no event after the expiry of his Option, exercise his Option.
21. **EXTENSION OF OPTION AND BLACK-OUT PERIODS:** Notwithstanding the provisions contained in Paragraphs 8, 9 and 10, the Committee, in its sole discretion but subject to regulatory approval, may extend the period of time within which an Option held by a deceased Optionee may be exercised or within which an Option may be exercised by an Optionee who has ceased to be an officer, director or employee of the Corporation provided that in no event shall such period of time exceed the ten year period referred to in Paragraph 6 hereof.

Notwithstanding anything to the contrary herein, if the date on which an Option expires occurs during or within nine business days after the last day of a trading black-out period imposed pursuant to the Corporation's insider trading policy (as may be amended from time to time), then the expiry date of such

Option shall be the date (a "Black-Out Option Expiry Date") that is 10 business days following the date of expiry of the trading black-out period. If a new trading black-out is imposed prior to the Black-out Option Expiry Date, the Black-out Option Expiry Date shall be the date that is 10 business days following the expiry of the new trading black-out period.

22. **RIGHTS:** The Optionee shall have no rights whatsoever as a holder of any of the Common Shares covered by the Option granted to him (including any right to receive dividends or other distributions therefrom or thereon) other than the Common Shares in respect of which the Optionee shall have exercised his Option and which the Optionee shall have actually taken up.

23. **ADJUSTMENT IN SHARES SUBJECT TO THE PLAN:**

(a) In the event that:

- (i) there is any change in the Common Shares through subdivisions or consolidations of the share capital of the Corporation, or otherwise;
- (ii) the Corporation declares a dividend out of the ordinary course on the Common Shares payable in Common Shares or securities convertible into or exchangeable for Common Shares; or
- (iii) the Corporation issues Common Shares, or securities convertible into or exchangeable for Common Shares, in respect of, in lieu of, or in exchange for, existing Common Shares,

the number of Common Shares available for option, the Common Shares subject to any option, and the option Exercise Price thereof, shall be adjusted appropriately by the Board of Directors and such adjustment shall be effective and binding for all purposes of this Plan, subject to the prior consent of the Toronto Stock Exchange (if such consent is required under the rules of the Toronto Stock Exchange).

(b) Consolidation, Merger, etc. If there is a consolidation, merger or statutory amalgamation or arrangement of the Corporation with or into another corporation, a separation of the business of the Corporation into two or more entities or a transfer of all substantially all of the assets of the Corporation to another entity, upon the exercise of an option under this Plan, the holder thereof shall be entitled to receive the securities, property or cash which the holder would have received upon such consolidation, merger, amalgamation, arrangement, separation or transfer if the holder had exercised the option immediately prior to such event, unless the directors of the Corporation otherwise determine the basis upon which such option shall be exercisable.

24. **AMENDMENT, MODIFICATION OR TERMINATION OF THE PLAN:** The Board of Directors may, subject to obtaining the consent of the Toronto Stock Exchange, at any time amend, modify or terminate this Plan if and when it is advisable in the discretion of the Board of Directors, provided however, shareholder approval shall be required in respect of:

- (a) any amendments to the maximum number of Common Shares reserved for issuance under the Plan;
- (b) any amendment which reduces the exercise price of an Option that is held by an insider of the Corporation;
- (c) any amendment extending the term of an Option held by an insider of the Corporation beyond its original expiry date except as otherwise permitted by the Plan;

- (d) any amendment which increases the limit on grants of Options to insiders of the Corporation under the Plan;
- (e) the inclusion in the Plan of amendment provisions granting additional powers to the Board of Directors to amend the Plan or Option entitlements thereunder without shareholder approval; and
- (f) amendments required to be approved by shareholders under applicable law (including, without limitation, the rules, regulations and policies of the Toronto Stock Exchange).

Where shareholder approval is sought for amendments under subsections (b) (c) or (d) above, the votes attached to Common Shares held directly or indirectly by insiders of the Corporation benefiting from the amendment will be excluded.

Other than as specified above, the Board of Directors may approve all other amendments to the Plan or Options granted under the Plan. Without limiting the generality of the foregoing, the following types of amendments would not require shareholder approval:

- (a) amendments of a “housekeeping” or ministerial nature including, any amendment for the purpose of curing any ambiguity, error or omission in the Plan or to correct or supplement any provision of the Plan that is inconsistent with any other provision of the Plan;
- (b) amendments necessary to comply with the provisions of applicable law (including, without limitation, the rules, regulations and policies of the Toronto Stock Exchange);
- (c) the addition or modification of a cashless exercise feature, payable in securities or cash of the Corporation;
- (d) amendments respecting administration of the Plan;
- (e) any amendment to the vesting provisions of the Plan or any Option;
- (f) any amendment to the early termination provisions of the Plan or any Option, whether or not such option is held by an insider of the Corporation, provided such amendment does not entail an extension beyond the original expiry date;
- (g) amendments necessary to suspend or terminate the Plan; and
- (h) any other amendment, whether fundamental or otherwise, not requiring shareholder approval under applicable law (including, without limitation, the rules, regulations and policies of the Toronto Stock Exchange).

25. **EFFECTIVE DATE OF THE PLAN:** The Plan becomes effective following adoption of the Plan by the Board of Directors and approval of the Plan at a meeting of the Shareholders of the Corporation and Options may be granted immediately thereafter. Upon this Plan becoming effective, the Stock Option Plan (the “Old Plan”) adopted by the Board of Directors in December, 1986, shall be terminated and all unexercised options granted under the Old Plan shall be governed by this Plan.

26. **TERMINATION OF EMPLOYMENT:** The Plan does not confer upon an Optionee any right with respect to continuation of employment by the Corporation or any subsidiary, nor does it interfere in any way with his right or the Corporation’s right to terminate his or her employment at any time.

27. **EXECUTION OF DOCUMENTS:** Any two directors and/or officers of the Corporation are hereby authorized to sign and execute all instruments and documents and do all things necessary or desirable for carrying out the provisions of this Plan, including the allotment and issuance of shares of the Corporation under this Plan.

28. **GOVERNMENT REGULATION:** The Corporation's obligation to issue and deliver Common Shares under any Option is subject to:
- (a) Completion of such registration or other qualification of such shares or obtaining approval of such government authority as the Corporation shall determine to be necessary or advisable in connection with the authorization, issuance or sale thereof;
 - (b) The admission of such shares to listing on any stock exchange on which the Corporation's shares may then be listed; and
 - (c) The receipt from the Optionee of such representations, agreements and undertakings as to future dealings in such Common Shares as the Corporation determines to be necessary or advisable in order to safeguard against the violation of the securities laws of any jurisdiction. In this connection, the Corporation shall take all reasonable steps to obtain such approvals, registrations and qualifications for admissions to listing as may be necessary for issuance of such shares in compliance with applicable securities laws and for the listing of such shares on any stock exchange on which the Corporation's Common Shares are then listed.
